

NO COMPROMISE ON GAS QUESTION

City Indicates it Intends to Keep up Fight For Reduction in Price by Action Today

DEMURRER PLACED ON FILE

Constitutionality of Public Service Commission Law is Again Attacked by Attorneys.

Any idea that the City of Rushville will abate its fight on the Public Service Commission and the gas companies involved is mistaken. There was some talk of a compromise following the reduction of the price of gas as charged by the Central Fuel Company from forty cents a thousand to thirty cents a thousand, but this has fallen through because the city does not see anything over which to compromise, it is stated.

Under the promised compromise the city was to dismiss the suits against the gas companies and the Public Service commission. That thought of a compromise has vanished is shown by the filing of a demurrer by the City of Rushville this morning to the second paragraph of answer in the cases against the Public Service Commission and the two gas companies.

In these two suits the city attacks the law creating the Public Service Commission. The demurrer points out that the amended second paragraph of the answer as filed by the Public Service Commission is not sufficient to constitute a cause of defense and then proceeds to attack the alleged constitutionality of the act.

It is declared in the demurrer that Chapter 76 of the Acts of 1913 and every section and part thereto is unconstitutional. The chapter referred to is the law creating and defining the powers of the Public Service Commission.

It is charged that the law violates Section 10 of Article 1 of the Federal constitution; Section 1 of Article 14 of the Amendment to the Federal constitution; Sections 21, 23, and 24 of Article 1 of the constitution of the State of Indiana.

It is further alleged that the Public Service Commission is wholly without power to permit the gas companies to charge a higher rate than fifteen cents a thousand cubic feet at the gas companies operate under a franchise given by the city council.

TO MAKE VATICAN CLEARING HOUSE

Pope Benedict Has This in View, it is Believed, from Election Delivered Today

OUTLINES COURSE FOR PEACE

BY HENRY WOODS
(U. P. Staff Correspondent.)
Rome, Dec. 7.—That Pope Benedict hopes to make the vatican a clearing house for peace ideas through which the war will soon end became known through the election delivered at the opening session of the secret consistory today.

The pope pointed the way to a possible peace agreement by the exchange of views by the nations at war. His method of arriving at peace has been tried and found satisfactory in similar cases, he pointed out.

COUNTY CLUB IS ORGANIZED

Officers Are Elected by 25 Charter Members and Steps Taken to Increase Membership.

THE GOAL IS 500 MOTORISTS

Boosters Feel That With 1,100 Automobile Owners in County, Half Should Support Movement.

The Rush County Motor Club, a branch of the Indiana State Automobile association, was organized at a meeting of the charter members of the local club in the court house assembly room last night.

There are twenty-five members here, the number necessary to form a club, and the field secretary of the state organization, Carlisle M. Smith, will remain here three or four more days to get more members for the club. A membership campaign will be started by the club immediately after the holidays.

The following officers were elected last night: president, W. O. Feudner; first vice-president, Lon Mull of Manilla; second vice-president, F. O. Hillis of Milroy; third vice-president, Howard Henley of Carthage; secretary-treasurer, A. L. Gary; governors, Will Jay, E. O. Humes, E. R. Casady and W. C. Reinheimer; members of state board of directors, W. O. Feudner and Will Dill.

The sentiment of the meeting last night was that there should be a club of five hundred members in Rush county, when it is considered that there are eleven hundred automobiles owned in Rush county. It was pointed out that such an organization is necessary to motorists as a matter of protection. Automobile owners of the county are urged to join and strengthen the state organization in its fight for a reform of the highway laws in Indiana.

It has been shown that the owner of an automobile is under a system of double taxation and that he should assist the organization that is trying to bring about methods that will cause to be spent the immense sums that are paid by motorists so that the best results will be obtained. It was advocated at the meeting last night that car owners join the organization at once because the sooner it is perfected, just that much sooner will something be accomplished.

The first meeting of the board of directors of the state association was held at association headquarters, Room 1224 Hotel Severin, Indianapolis, on Dec. 1st, at which time the following officers were elected: president, Walter E. Blount of Evansville; first vice-president, W. B. Foresman, Lafayette; second vice-president, L. R. Whitney, Terre Haute; third vice-president, H. W. Boles, Elkhart; secretary-treasurer, Geo. H. Dilks, Richmond; member of executive committee, W. L. Sandage, Indianapolis. The other members of the board of directors are: J. O. Davis and Gottlieb H. Bippus, Evansville; C. C. Hull and Edwin W. Tatman, Connersville; C. F. Jamison, Lafayette; George A. Elliot and Patrick J. Lynch, Newcastle; Chas. E. McKeen, Terre Haute; F. D. Rose and Amos Whiteley, Jr. Muncie; T. S. Blish and Fred Everback, Seymour; Richard Sedgwick and Stanley Hayes, Richmond; W. H. Foster, Elkhart; O. H. Binns, Logansport; W. J. Fulton and L. W. Nichols, Gary; C. E. Barnhol and H. K. Brown, Valparaiso; Chas. J. Oval, Indianapolis.

The president of the new organization has had a great deal of broad successful experience along the line

SERUM COMPANY BUYS SITE HERE

Takes up Option and Closes Deal For 70 Acres of Land on Old Caldwell Farm at \$200 an Acre.

TO BUILD \$100,000 PLANT

Buildings Will be White Concrete and Will be Modeled After One at Zionsville.

The National Serum Co. Monday night took up the option which they held on seventy acres of land on the old Joe Caldwell farm just south of Rushville and purchased the tract as a site for their new serum plant which will be erected next spring. The land was purchased from J. L. Cowing and J. D. Case at two hundred dollars an acre. They bought the farm of the Caldwell estate several months ago.

The National Serum company will erect a plant at the cost of one hundred thousand dollars. The buildings will be white and made of concrete. For that reason the building has to be deferred until spring. The plant will be modeled after one at Zionsville. The company expects to furnish serum direct to the farmers. The site is off the south side of the farm.

Mr. Cowing and Mr. Case have divided the remainder of the farm into ten-acre tracts for purposes of sale. A house is being erected on one of the tracts now.

Persons who have been in touch with the efforts to locate the serum plant here say that it will be a very worthy addition to Rushville's industrial growth. The fact that \$100,000 will be invested means that the plant will be a large and modern one, it is pointed out.

It was stated today that the location of the plant just south of Jersey City would not make any land adjacent undesirable. It was declared that there would be no odor whatever arising from the plant at any time. It will be kept clean and in a wholly sanitary condition at all times, the promoters say.

GRAND JURY IS GRINDING AGAIN

Takes up Investigation of Shooting of Glen Osborne and Reported Shooting at Arlington.

MAY CLOSE DOWN WEDNESDAY

The grand jury resumed activities this morning after a vacation of one week. Only a few witnesses were before the grand jury. One of these was Glen (Grinnie) Osborne who was slashed about the face and stabbed four or five times in the abdomen about a week ago. Osborn at the time refused to give the name of his assailant and he was given an opportunity to tell the grand jury of his fight.

It was intimated that tomorrow night be the last day for the grand jury this term of court. Prosecutor Stevens will likely take the grand jury to the poor farm and the county jail on a tour of inspection, before his final report is made to the court.

It was also reported that an alleged shooting affair at Arlington Sunday night would receive attention from the grand jury.

INTERPRETTED AS UNFRIENDLY

Refusal of Reasons Actuating United States in Recalling German Attaches Brings Reply.

DIPLOMATIC CLASH FEARED

Breaking of Relations and Recall of Ambassador Bernstorff Gravely Discussed.

(By United Press.)

Washington, Dec. 7.—Formal refusal by the state department of German requests for the reasons actuating the United States in asking for the recall of Captains Von Papen and Boy-Ed was sent last night to Berlin and to Ambassador Bernstorff, it became known today.

The action was interpreted at the German embassy today as "very unfriendly."

Secretary Lansing in his decision to refuse Germany this government's reason for requesting the recall of Attaches Boy-Ed and Von Papen has the expressed backing of President Wilson. This became known authoritatively today.

It was announced that Ambassador Bernstorff has arranged to see Secretary Lansing at 10:30 o'clock. In the state department there was a feeling that a serious diplomatic clash was eminent.

Relations between the United States and Germany are nearer the breaking down point than any time since the war began, as the German foreign office is making a colossal bluff. The outcome is uncertain, with serious eventualities likely.

A break of diplomatic relations with the recall of Ambassador Bernstorff, possibly volunteered by his own government was gravely discussed.

Until it reaches the stage of the exchange of notes directly between the Berlin foreign office and the state department administration officials hope for a solution that will preserve the diplomatic relations.

STOCK IN LEAGUE BELOW PAR TODAY

Number of Wards Grows, But There are no New Stockholders—"Psychological Depression."

THERE ARE 114 ON LIST NOW

Stock in the Goodfellows League was selling below par today. The list of wards grew by leaps and bounds but there were no new stockholders. The mythical officers of the League might be discouraged were it not for the fact that they have faith in the League and believe that it will pull out of the "psychological depression" it is in and will triumph at last.

But the triumph will have to be a hurried one. Christmas is only two weeks from next Saturday and there are one hundred and fourteen children on the books of the Goodfellows League who are anticipating a merry Christmas at the hands of the Good fellows. The number was a half hundred Monday. Today another investigator reported and added sixty-four names to the list. There are still more to come. Indications are that the number will pass the 200 mark easily. So there is no time for Goodfellows to tarry. They should get a family of children now.

PREJUDICE BY JUROR ALLEGED

Attorneys For John Gray Try to Show Juror Ben Jones Was Opposed to Their Client.

BEFORE EVIDENCE WAS IN

In Motion For New Trial, Opposing Attorneys Content Alleged Injury Must be Shown.

Judge Sparks heard the argument on the motion for a new trial in the Johnson-Gray case this morning and at the conclusion took the question under advisement. The alleged misconduct of Juror Jones played an important part in the argument for a new trial.

It was alleged that Juror Jones talked about the case of Charles Markle and James M. Smith. An affidavit filed by Jones tended to offset the affidavit of these two. When the case was tried Johnson was given a judgment for \$350 against Gray by the jury. A. L. Gary, arguing for a new trial, attempted to show the court that the juror was prejudiced against the defendant, John A. Gray even before the defendant had introduced any witnesses, as the alleged conversion took place before the plaintiff had finished introducing evidence.

A great amount of law was cited to the court as proof of the contentions of both parties. Attorneys for Johnson stated that before a new trial could be granted because of the misconduct of Juror Jones it would first have to be shown that Jones injured Gray in making the statements that he was alleged to have made.

Following the argument in this case, Raymond Springer of Connersville took the bench as special judge and heard the argument on the motion to retax the costs in the case of Alpheus P. Walker against Arthur B. Irvine and the Rushville Glove Company. This action was a damage suit in which \$3,000 was demanded. The case was dismissed on the day that it was to have been tried. Walker alleged that he was charged with costs in the way of witness fees for witnesses who never appeared in court and who were not even as much as subpoenaed. Judge Springer took the motion to retax under advisement.

Judgement against James T. Irvine, Jr., one time hardware merchant of Arlington, was rendered this morning in several cases by Judge Sparks. The Central Supply company was given judgment for \$133. The Milburn Wagon Co. was given a judgment for \$81.18. Both of these suits were brought on accounts. In the case of the J. I. Case Plow Works, tried yesterday, the court found for the plaintiff against James T. Irvine, Jr., in the sum of \$461.45, and also found for the defendants, Elihu Price and Charles Phillips. The suit was brought against the three men as a partnership and it was shown to the court that Phillips and Price were never members of the firm.

Judge Springer granted a change of venue in the suit of Pearl Short against Orbie J. Short, an action to modify a decree. No court was decided on and the change was not made.

Judge Springer was appointed special judge to try the case of the Fairview Burying Grounds association against Emery M. Vandeventer, et al, for the appraisement of property. Judge Sparks at one time was interested in this case and refused to try it.

T. J. Blackburn has purchased the Max Goldstein grocery, corner of Third and Spencer streets.

BITTER WORDS APPLIED TO THEM

President Wilson Denounces Hyphenated Americans in Address to Congress Today.

IDEA OF MONROE DOCTRINE

His Mammouth Conception is For Preparedness of Whole Western Hemisphere.

(By United Press.)

Washington, Dec. 7.—President Wilson gave a new and constructive definition of the Monroe Doctrine today when he appeared before a joint session of congress and read his message. Preparedness by the whole western hemisphere—a moral partnership of all the Americans, a co-operation of their national aims, national policies and national defense but the president merged this gigantic project into one indefinitely greater plea for Pan-Americanism which he said was destined to play a foremost part in economic readjustment following the end of the European war. He laid stress on how the United States had played "brother" to Mexico and reiterated that the United States has no selfish purpose in its guardianship of the South and Central American republics.

But the message has another striking feature. In words that fairly snapped with their vigor, the president hurled at congress a denunciation of hyphenated Americanism.

It was the electric shock of his message. The bitter words with which he demanded that congress "take cognizance of the mind and heart against those who pour the poison of disloyalty into the very arteries of the national life" rang harpily in the vast hall.

The president demanded that the lawmakers devise a means of reaching those "who have sought to bring the authority and good name of our government into contempt."

The president used such vigorous phrases as "corrupt distempers," "ugly and incredible thing" and "malign reaction."

"There are not many," the president said, "but they are infinitely malignant and the hand of our power should close over them at once."

U. S. STEEL SLUMPS.

(By United Press.)

New York, Dec. 7.—Following publication of President Wilson's message to congress today, United States steel dropped one and one-eighths points and sold at eighty-eight within three-eighths points of the high mark for the present year.

Smoke FAIR PROMISE 5c Cigars

FOR BRONCHITIS, COUGHS, BRONCHIAL ASTHMA AND WHOOPING COUGH

Cheapest Remedy Made at Home—128 Teaspoonful for 25 Cents.

The first 300 persons calling at Fox Bros. Drug Store will be entitled to a regular 50c. bottle of Schiffmann's New Concentrated Expectorant for half price (25c) by presenting the coupon below, properly signed. With a view to giving those who have not yet used this new excellent remedy an opportunity of trying it, in the treatment of Bronchial affections, including Bronchitis, Whooping Cough, Croup, Severe Coughs, Colds and Hoarseness, to prove its merits, these druggists are willing to allow the public the profit which they would otherwise make and the proprietor is willing to lose money on the same, so as to give them an opportunity of trying it, at partially their expense, knowing it will be found the best medicine ever used by anyone.

Even though not in need of a Cough or Cold Medicine at the present time, it will pay to buy now, as some such medicine is sure to be required before the winter is over, but this remedy cannot be obtained at less than full price again. Besides making this reduction, these druggists guarantee this remedy just the same as Dr. Schiffmann's famous Asthmador, and will return the money in every single instance if it does

not give perfect satisfaction and even more—if it is not found the best remedy ever used for any of the above complaints.

This excellent remedy is sufficiently concentrated so that 50 cent's worth, when mixed at home, with simply one pint of granulated sugar and one-half pint of water (according to printed directions) makes a whole family supply (128 teaspoonful) while bottles of the old, regular, ready-made kinds, of doubtful merit, and without a guarantee, usually average 20 to 32 teaspoonsful.

It is prepared from strictly harmless plants, contains absolutely no chloroform, opium, morphine or any narcotic or injurious drugs which do most cough remedies, and can therefore be given to children with perfect safety. It is pleasant to take and children are fond of it. Besides absolutely no risk is run in buying this remedy whatever, on the guarantee of the above, well-known, reliable druggists who will refund your 25c. if it is not found the best remedy ever used.

If a neighbor or friend could be induced to divide and pay half the quantity, the cost would thus only be about 12c to each.

TWENTY-FIVE CENT COUPON — No. 5.

This coupon and 25c is good for one (only) 50c bottle of Schiffmann's New Concentrated Expectorant at Fox Bros. Drug Store, if your name and address is filled in.

PURITY

The ingredients of the food you eat and give your children should be pure and healthful beyond any question.

Various food officials and pure food experts have frequently endorsed Royal Baking Powder as being superior to all other similar preparations, and many of the great chemists of the world, including most of those of official position, have given like testimony.

No other article of food has ever received such emphatic commendation for purity, strength and wholesomeness, from the most eminent authorities, as Royal Baking Powder.

Because Royal Baking Powder adds only healthful qualities to the food is one of the reasons why it is always preferred by teachers of cookery and the medical profession.

The Princess, will show for tonight Vera Sisson, Raymond Nye and Charles Mailes, in a swell two act drama "His Wife's Story." William Courtney a rising young lawyer candidate for mayor drops into a restaurant and there sees Louise Blair a cabaret singer. He is attracted by her and he urges her to give up her unworthy occupation. Billie Reeves will also be seen in a dandy farce comedy "The Cello Champion." Tomorrow night the serial picture "Neal of the Navy" will be shown.

The Gem will show the eleventh episode of "The Broken Coin" for the first picture tonight. The other picture is a comedy entitled "A Duel at Dawn." A cast of 350 photoplayers headed by Mary Fuller, one of the highest salaried and best known film stars in the country, enacted and staged "Under Southern Skies," the five act Universal photoplay version of Lottie Blair Parker's classic novel and speaking stage drama which comes to the Gem theater on tomorrow. "Under Southern Skies," with Grace George in the role now played by Mary Fuller, had one of the longest runs on Broadway ever enjoyed by a romantic military drama.

BARELY ESCAPES INJURY

Watt Bartlett Sticks to Dray When Horse Runs Away.

Watt Bartlett escaped injury yesterday, when the horse hitched to his dray ran off. The runaway started from the top of Perkins street hill, and the horse was not stopped until it reached Third street. A broken line is said to have been the cause. The horse and wagon struck several trees, but the wagon did not turn over. Mr. Bartlett remained on the dray.

CHAPTER ELECTS.

Rush Chapter, No. 24, Royal Arch Masons, elected the following officers for the year Monday night: Charles H. Brown, high priest; Howard B. Carmichael, king; George W. Osborne, scribe; Wilbur Stiers, treasurer; Miles S. Cox, secretary. The subordinate officers, who are appointed by the high priest, have not yet been announced.

LARGE CLASS INITIATED.

A class of twenty-five members was initiated by the Knights of Pythias Monday night. The class was in honor of A. G. Reeves and was known as the (Daddie) Reeves Page Rank class. Several visiting lodgesmen from surrounding cities were present.

REDMEN.

The election of officers will be held tonight. A good attendance is desired.

BASKETBALL TONIGHT.

The Rushville Tigers, an independent amateur basketball team, will play the New Salem high school team tonight at the Graham Annex. The game is considered a practice game for the high school, and there will be no charge.

Society News

The Knights of Pythias will hold a dance at their lodge home Thursday evening. Music will be furnished by an orchestra of three pieces.

Wilson's Message

President Wilson today told congress that we should be prepared against war with a citizen army and an adequate navy. He told congress that we needed more revenue and suggested ways and means of providing it. He suggested that congress might levy a tax of one per cent per gallon on gasoline and naphtha, which would yield about ten million dollars in a year; a tax of fifty cents a horse power on automobiles and internal explosion engines, which should bring in fifteen millions; a stamp tax on bank checks that would yield approximately eighteen millions; a tax of twenty-five cents per ton on pig iron, yielding ten millions and a tax of twenty-five cents per ton on fabricated iron and steel bringing in probably ten millions.

The president's theory is that "the industry of this generation should pay the bills of this generation." But whatever the president's theory may be, we have heard for years from Democratic partisans that under Republican rule the people have been bled by the high protective tariff barons, that they have been made to pay prices far in excess of those charged in foreign lands, due to the protection afforded them by a high tariff.

Let us say we shall allow that as a premise. We have had almost three years of Democratic rule in the nation, with a Democratic president and a Democratic majority in congress. Have we found any of the things the Democrats promised us have come true? Have they made the cost of living cheaper? Instead they have heaped upon the country a series of internal revenue taxes in one guise or another, the most obnoxious of which was labeled a "war tax." In the face of a steadily increasing revenue, the daily treasury statement from Washington was manipulated from day to day to make finances appear better than they really were, and when it was impossible to keep from showing an immense deficit—growing by leaps and bounds daily—the statements were discontinued.

Now we have the spectacle of President Wilson recommending to congress that it impose further taxes on the people, to be paid by the ultimate consumer. He further suggests that the import tax on sugar be left as it is. The Underwood bill, by which this administration would have been compelled to stand or fall had not the war intervened, contemplated that the one cent a pound tax on sugar be removed on May 1, 1916. This must of necessity be construed as an admission that the legislators who framed the Underwood bill were wrong. No hint is found in the message, however, that certain changes might be made in the tariff not only to protect home industry but to raise sufficient revenue so that

it would be necessary to contrive some new method of taxing the people every time congress meets.

President Wilson's message further revealed that he had not forgotten his pet hobby—the ship purchase bill. After observing that at the last session of congress, this self-same measure split the forces of Democracy wide open, he again urges it upon the new congress, not content to seek some other means of encouraging the establishment of American-owned carrying-vessels.

The President's message opens with a discussion of Pan-Americanism, in which he attempts to justify his course in Mexico, disposing of the teachings of the Monroe doctrine with the simple assertion that we are in the "light of a new day."

"We have been put to the test in the case of Mexico," he says, "and we have stood the test."

America has its troubles as well as Europe. Congress again!

President Wilson wants us "to be Americans." So do we!

You'll soon be writing it 1916—unless you forget.

COUNTY CLUB IS ORGANIZED

Continued from Page 1.

of the Association's activities and Mr. Blount was the unanimous choice of the board of directors and the affiliated clubs of the state association. Mr. Blount is secretary-treasurer and general manager of one of Evansville's largest and most progressive manufacturing establishments, the Blount Plow Works, which has been located in that city for nearly half a century. He is also president of the Evansville Automobile Club and the Evansville Chamber of Commerce. Through his ability as a leader and an organizer Evansville has just completed a Chamber of Commerce membership campaign which places her in the very forefront of all American cities of her size, with a membership of over thirteen hundred.

It is reasonable to expect, therefore with Mr. Blount at the head of

The Indiana State Automobile Association a broad constructive, progressive policy will be pursued by the organization. The other officers and directors of the organization are equally progressive and well known in their particular lines of endeavor and the membership of the affiliated clubs and motorists and good road advocates of the state generally can feel assured that with their support the Indiana State Automobile Association will be the means of securing better roads in this state and greater efficiency and economy in their construction and maintenance.

The Indiana State Automobile Association has now perfected its statewide organization and stands one of the largest and strongest state automobile associations in the middle west with affiliated clubs in the larger cities and towns of the state such as Evansville, Terre Haute, Richmond, Lafayette, Elkhart, Logansport, Muncie, Newcastle, Connersville, Seymour, Rushville, Gary Valparaiso, and clubs in process of organization in a half dozen other cities. The Association has been carrying on a state wide campaign of organization and education for the past six months and will prosecute a vigorous campaign for a state highway department and better roads for Indiana until the opening of the legislature in 1917.

(Prepared for the United Press by the Centennial Department of the Indiana Historical Commission.)

DEMOCRATIC TRIUMPH IN 1862.

In October 1862, a state election took place in Indiana. The Republicans and war Democrats joined forces at a "Union" party in opposition to the old line democracy. Several things contributed to the success of the latter was strongly opposed and one month before the election, Lincoln announced his policy of negro emancipation. Furthermore, a large percentage of the union vote was in the army. The result was

JUDGE COMSTOCK SPENDS DAY HERE

Republican Candidate for Congressional Nomination Says he Meets With Encouragement

FEELS OUT SENTIMENT HERE

Judge Daniel W. Comstock, of Richmond, candidate for the Republican nomination for congress in this district, spent today in Rushville, calling on Republicans and feeling out the sentiment regarding his candidacy in this county. Several Republicans volunteered to show Judge Comstock about the city and introduce him to Rushville men.

Judge Comstock said he had not made a very thorough canvass of the district because of being retained at Richmond by legal business, but he said that he had met with encouraging news wherever he had been. Judge Comstock has been acting as special judge of the Wayne court for some time because Judge Fox has been incapacitated by ill health.

Judge Comstock has been in Fayette, Franklin, Shelby and Hancock counties pushing his campaign for the nomination.

JOHN GRUBBS IS RELEASED FROM JAIL

Man Who Was Held For Failing to Make Report as Guardian of Children is Set Free.

COMPLIES WITH CONDITIONS

John Grubbs was released from jail late Monday afternoon after his report as guardian of his three children, Marie, Wilbur and Goldie, had been to the satisfaction of Judge Sparks. Grubbs had been in jail for over a week, following the issuance of an attachment for him because he failed to heed the court in making his report.

The report was made to the court by Grubbs' lawyer, Chauncey Duncan, and it was submitted as a final report, showing to the court that the guardianship trust was closed. Judge Sparks ordered the clerk to notify the Maryland Casualty company that the final report had been approved and this company was released from his bond.

Stupendous Spectacular Production
Will be Seen at Princess.

AT GREATLY REDUCED PRICES

Through the courtesy of Ivy Company, No. 35, U. R. K. of P., the six reel production of Damon and Pythias will be shown at the Princess Friday, December 10th, afternoon and night. This stupendous spectacular production was produced at a cost of a half million dollars and when first shown an admission of two dollars was charged. For this especial occasion the price has been reduced to ten cents for everybody. The picture was seen at Indianapolis a short time ago at 50 cents.

This production is incomparable as a spectacle; gripping in the intensity of its human-interest, this world-old story of Friendship is given to the public in a manner truly worthy of its sublime character.

The cast includes distinguished movie stars with over 1,000 supernumeraries. Cities are built and burned; battles on land and sea; Ancient classic dances; chariot races; Greece in all its glory and the scenic spectacles are superb. The picture is fast in action and will hold your interest from start to finish, with never a dull moment.

This is not a benefit show, but is given by the Uniform Rank in order that the public who appreciate high price pictures, can have the opportunity of witnessing a good, wholesome production at popular prices.

JUDGE AND MAYOR TO INSPECT BASKETS

Will M. Sparks and C. L. Bebout
Will Look Over Salvation Army's
Contribution Before Delivery.

RESPONSES ARE VERY SLOW

The captain of the Salvation Army has announced that he has obtained the consent of Judge Will M. Sparks and Mayor C. L. Bebout to go to the Salvation Army hall and inspect the baskets which will be given to the poor this Christmas just before they are distributed. The judge and mayor will be invited to see what each basket contains and to note the names to whom they are to be delivered.

The captain says he has not met with very favorable responses in his canvassing for the Christmas baskets, but he hopes to have more success, now that Christmas is so near. He says that he has many nice pieces of clothing and underwear to be distributed Christmas. The captain received a large number of valuable contributions at Milroy Monday, making a canvass of only three hours there. He went down on C. G. Clark's motor truck.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

President Wilson Gives New Definition For Monroe Doctrine And Outlines Pan-Americanism

(By United Press.)

Washington, Dec. 7.—President Wilson read his message to congress today. He dwelt on Pan-Americanism, in which he tried to justify his course in Mexico; the administration measures, commonly known as the preparedness program; finances and revenue, in which he proposed to congress a series of new internal taxes, his ship-purchase bill by which he hopes to enlarge our foreign trade and the problem of the railroads, suggesting that a commission of inquiry be provided to ascertain through a canvass of all our laws to see if they are as serviceable as they might be. He spoke in part as follows:

Gentlemen of the Congress: "Since I last had the privilege of addressing you on the state of the Union the war of nations on the other side of the sea, which had then only begun to disclose its portentous proportions, has extended its threatening and sinister scope until it has swept within its flame some portion of every quarter of the globe, not excepting our own hemisphere, has altered the whole face of international affairs, and now presents a prospect of reorganization and reconstruction such as statesmen and peoples have never been called upon to attempt before." He then entered into a discussion of Pan-Americanism.

"We have been put to the test in the case of Mexico, and we have stood the test. Whether we have benefited Mexico by the course we have pursued remains to be seen. Her fortunes are in her own hands. But we have at least proved that we will not take advantage of her in distress and undertake to impose upon her an order and government of our own choosing. Liberty is often a fierce and intractable thing, to which no bounds can be set, and to which no bounds of a few men's choosing ought ever to be set. Every American who has drunk at the true fountains of principle and tradition must subscribe without reservation to the high doctrine of the Virginia Bill of Rights, which in the great days in which our government was set up was everywhere amongst us accepted as the creed of free men."

"The moral is, that the states of America are not hostile rivals but co-operating friends, and that their growing sense of community of interest, alike in matters political and in matters economic, is likely to give them a new significance as factors in international affairs and in the political history of the world. It presents them as in a very deep and true sense a unit in world affairs, spiritual partners, standing together because thinking together, quick with common sympathies and common ideals. Separated they are subject to all the cross currents of the confused politics of a world of hostile rivalries; united in spirit and purpose they cannot be disappointed of their peaceful destiny."

"This is Pan-Americanism. It has none of the spirit of empire in it. It is the embodiment, the effectual embodiment, of the spirit of law and

independence and liberty and mutual service."

No one who really comprehends the spirit of the great people for whom we are appointed to speak can fail to perceive that their passion is for peace, their genius best displayed in the practice of the arts of peace. Great democracies are not belligerent. They do not seek or desire war. Their thought is of individual liberty and of the free labour that supports life and the uncensored thought that quickens it. Conquest and dominion are not in our reckoning, or agreeable to our principles. But just because we demand unmolested development and the undistributed government of our lives upon our own principles of right and liberty, we resent, from whatever quarter it may come, the aggression we ourselves will not practice. We insist upon security in prosecuting our self-chosen lines of national development. We do more than that. We demand it also for others. We do not confine our enthusiasm for individual liberty and free national development to the incidents and movements of affairs which affect only ourselves. We feel it wherever there is a people that tries to walk in these difficult paths of independence and right. From the first we have made common cause with all partisans of liberty on this side the sea, and have deemed it as important that our neighbours should be free from all outside domination as that we ourselves should be; have set America aside as a whole for the uses of independent nations and political freedom.

Out of such thoughts grow all our policies. We regard war merely as a means of asserting the rights of a people against aggression. And we are as fiercely jealous of coercive or dictatorial power within our own nation as of aggression from without. We will not maintain a standing army except for uses which are as necessary in times of peace as in times of war; and we shall always see to it that our military peace-establishment is no larger than is actually and continuously needed for the uses of days in which no enemies move against us. But we do believe in a body of free citizens ready and sufficient to take care of themselves and of the governments which they have set up to serve them. In our constitutions themselves we have commanded that "the right of the people to keep and bear arms shall not be infringed," and our confidence has been that our safety in times of danger would lie in the rising of the nation to take care of itself, as the farmers rose at Lexington.

But war has never been a mere matter of men and guns. It is a thing of disciplined might. If our citizens are ever to fight effectively upon a sudden summons, they must know how modern fighting is done, and what to do when the summons comes to render themselves immediately effective. And the government must be their servant in this matter, must supply them with the training they need to take care of themselves and of it.

"It is with these ideals in mind that plans of the Department of War for more adequate national defense were conceived which will be laid before you, and which I urge you to sanction and put into effect as soon as they can be properly scrutinized and discussed. They seem to me the essential first steps, and they seem to me for the present sufficient."

"They contemplate an increase of the standing force of the regular army from its present strength of five thousand and twenty-three officers and one hundred and two thousand nine hundred and eighty-five enlisted men of all services to a strength of seven thousand one hundred and thirty-six officers and one hundred and thirty-four thousand seven hundred and seven enlisted men, or 141,843, all told, all services, rank and file, by the addition of fifty-two companies of coast artillery, fifteen companies of engineers, ten regiments of infantry, four regiments of field artillery, and four aero squadrons, besides seven hundred and fifty officers required for a great variety of extra service especially the all important duty of training the citizen force of which I shall

presently speak, seven hundred and ninety-two non-commissioned officers for service in drill, recruiting and the like, and the necessary quota of enlisted men for the Quartermaster Corps, the Hospital Corps, the Ordnance Department, and other similar auxiliary services. These are the additions necessary to render the army adequate for its present duties which it has to perform not only upon our own continental coasts and borders and at our interior army posts, but also in the Philippines, in the Hawaiian Islands, at the Isthmus, and in Porto Rico.

"By way of making the country ready to assert some part of its real power promptly and upon a larger scale, should occasion arise, the plan also contemplates supplementing the army by a force of four hundred thousand disciplined citizens, raised in increments of one hundred and thirty-three thousand a year throughout a period of three years. This it is proposed to do by a process of enlistment under which the serviceable men of the country would be asked to bind themselves to serve with the colors for purposes of training for short periods throughout three years, and to come to the colors at call at any time throughout an additional "furlough" period of three years. This force of four hundred thousand men would be provided with personal accoutrements as fast as enlisted and their equipment for the field made ready to be supplied at any time. They would be assembled for training at stated intervals at convenient places in association with suitable units of the regular army. Their period of annual training would not necessarily exceed two months in the year.

"It would depend upon the patriotic feeling of the younger men of the country whether they responded to such a call to service or not. It would depend upon the patriotic spirit of the employers of the country whether they made it possible for the younger men in their employ to respond under favorable conditions or not. I, for one, do not doubt the patriotic devotion either of our young men or of those who give them employment,—those for whose benefit and protection they would in fact enlist. I would look forward to the success of such an experiment with the entire confidence."

"At least so much, by way of preparation for defense seems to me to be absolutely imperative now. We cannot do less."

"The programme which will be laid before you by the Secretary of the Navy is similarly conceived. It involves only a shortening of the time within which plans long matured shall be carried out; but it does make definite and explicit a programme which has heretofore been only implicit, held in the minds of the Committees on Naval Affairs and disclosed in the debates of the two Houses but nowhere formulated or formally adopted. It seems to me very clear that it will be to the advantage of the country for the Congress to adopt a comprehensive plan for putting the navy upon a final footing of strength and efficiency and to pass that plan to completion within the next five years. We have always looked to the navy of the country as our first and chief line of defense; we have always seen it to be our manifest course of prudence to be strong on the seas. Year by year we have been creating a navy which now ranks very high indeed among the navies of maritime nations. We should now definitely determine how we shall complete what we have begun, and how soon."

"The programme to be laid before you contemplates the construction within five years of ten battleships, six battle cruisers, ten scout cruisers, fifty destroyers, fifteen fleet submarines, eighty-five coast submarines, four gunboats, one hospital ship, two ammunition ships, two fuel oil ships, and one repair ship. It is proposed that of this number we shall the first year provide for the construction of two battleships, two battle cruisers, three scout cruisers, fifteen destroyers, five fleet submarines, twenty-five coast submarines, two gunboats, and one hospital ship; the second year, two battleships, one scout cruiser, ten destroyers, four

"P. A." spells tobacco all over the world

Men of all tastes take to Prince Albert pipe and cigarette tobacco like it just about answers *all* questions! *And it does!* Quicker you get on speaking terms with this national joy smoke the sooner you'll get a whole lot off your mind. Because, it just hands you more fun than you ever got out of a pipe or makin's cigarette before. The patented process fixes that—and removes the bite and parch.

PRINCE ALBERT

the national joy smoke

is the one brand of tobacco you can take liberties with, firing away 24-hours straight without a tongue-kick! *You get the listen of that.*

Cut out lamenting for that old jimmy pipe stored away in the rafters; stop fretting about how you'd like to roll 'em, *but you dassn't.* Men, you can lay your last cent that you'll be top-notch-tickled if you catch the spirit of this testimony and get some P. A. and go to it! Never did anything but make smokers jimmy pipe joy us and cigarette makin's happy—and *that's just what's coming to you!*

Can you sit-tight and get that P. A. aroma from somebody else's friendly old pipe or rolled cigarette? Can you pass up pleasure that's *due* you, and *coming to you* quick as you jump that fence into the Prince Albert pasture? *Come on out* and be a regular fellow who's game to take a chance for what ails his smokeappetite division!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Here's the latest member of the "old-time jimmy-pipers" club. It's a fine likeness of John E. Bach, 101 years old, of Newark, N. J. He has been a pipe smoker for 30 years. Mr. Bach, who enjoys his smokes every day, gives this idea of a long life: "Smoke all you want, eat all you want, sleep all you want—and don't worry!"

P. A. is sold everywhere in tippy red bags (handy for cigarette smokers), 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that classy crystal glass pound humidor with the sponge-moistener top that keeps P. A. bang up.

PURCHASE OF SEALS WILL PREVENT THE SPREAD OF TUBERCULOSIS

Story of Indiana Man Who Contracted Disease is Used as an Example in Campaign.

HIS WIFE NOW A CHARGE

A true story from an Indiana City shows how Red Cross Christmas Seals might help right here in this community.

John Allison was fairly prosperous. He held a good position in the mills. Two years ago he married a girl of his choice, and they were happy. Ten months after he was married John paid the last installment on his home, a cozy six room bungalow.

Every night—and the habit seemed to stick even after months of married life—Mrs. Allison met John with a kiss and a hug and a happy smile as he returned from work. About a year ago little Dorothy joined the family group. The atmosphere in this little home was delightfully harmonious. A nest egg for the "rainy day" began to assume comfortable proportions.

"I am worried about Jim Coye," said John one evening as he smoked his pipe, while his wife cleared up the kitchen. "He coughs, and I can tell he is getting weak, because he goes off in a corner and sits down to rest every hour or two."

A few nights later John brought home the news that Jim was sick at home. Then he began to spend many of his evenings at the bedside of his pal. In the course of time Jim died. The doctor, called in too late pronounced the disease tuberculosis.

It wasn't many months until John too, began to cough, and he smiled with more and more of an effort as he sank down into an easy chair to rest when he reached home from work. A romp with baby Dorothy

soon tired him out. Suddenly it dawned upon him that he was "going" the same way Jim did. The doctor looked grave when at last he went to the family physician with his trouble. "You must give up your work at once," he said. "Even then, and if you let me do everything I can for you, the chance for your recovery is mighty slim." To shorten a long story, John had waited too long. His little nest egg dwindled away. A month ago his heartbroken widow hid her face in little Dorothy's curls as the clouds began to fall on the earthly remains of her husband. She was poorly fitted for life's work. Little Dorothy is now being supported through public funds, while her mother washes other people's linen and scrubs other people's floors. In time she, too, will undoubtedly become a public charge.

In "getting" tuberculosis from Jim who had got it from somebody else, John was changed from a producing member of society, a high class citizen and an asset for any community to a liability. Interest on the liability will be paid for years to come. And who can estimate in dollars and cents the value of that happy home broken up prematurely by this most terrible and relentless of all preventable diseases—tuberculosis?

How many Jims and Johns are there in this community? Every Red Cross seal you buy helps to educate your friends and neighbors to prevent tuberculosis, provides relief and help for those who suffer and secures adequate provision for the control of the spread of the disease from the sick to the well. Buy Red Cross seals for your own sake and for your community's sake.

TO ASK CHANGES IN TARIFF LAW

Big Business Men From All Parts of Country Gather For Conference in Chicago

WANT WHOLESALE CHANGES

Declare it Should be Constructed to Protect Our Workers After War is Over

(By United Press.)

Chicago, Dec. 7.—Big business men from all parts of the country will confer on a tariff program representing their views. Wholesale changes in the present tariff will be asked, it is said. The conference was under the auspices of the Illinois Manufacturers' Association.

"The tariff law is not producing sufficient revenue to meet the increasing expense of our national administration which undoubtedly will be added to it if we increase our army and navy," said B. A. Eckhart, head of a milling company here. "When the war is over the United States will be the one cash market in the world. European manufacturers will try to unload here to make up for lost profits. The tariff should be reconstructed to protect the welfare of our workers, skilled and unskilled, and solely with the object of protecting and stimulating the trade upon which general prosperity depends."

The following speakers are on the program: Geo. M. Gillette, Minneapolis, pres. Minnesota Employers' Assn; B. A. Van Winkle, Hartford City, Ind., pres. Indiana Assn. of Manufacturers and Commerce; Charles E. Lozier, Elyria, Ohio, pres. Ohio Manufacturers' Assn; J. E. Edgerton, Lebanon, Tenn., pres. Tennessee Manufacturers' Assn; George R. Meyer, Chicago, pres. Pennsylvania Manufacturers' Assn.; and H. E. Smith, Gen. counsel of the Michigan Manufacturers' Assn.

Senator Burton of Ohio and the Hon. Robert Dollar, president of the Robert Dollar Steamship company of San Francisco, are also among the speakers.

DR. HURTY CALLS THEM FANATICS

Says Reply to Zion City Prophets Would Only Tend to Add to Present Trouble.

VACCINATION KILLED TWO

(By United Press.)

Indianapolis, Ind., Dec. 7.—If Dr. J. N. Hurty, state health commissioner is opposed by whom he considers fanatics, he believes in ignoring them rather than noticing them, and thereby giving them additional publicity. Asked what he had to say concerning the Zion City prophets who recently invaded Hammond to protect against vaccination, Dr. Hurty said:

"I have not one word to say. They are only fanatics. To answer them would arouse them the more."

Voliva's followers were practically driven out of Hammond. They made their "raid" after two children who had been vaccinated died of lockjaw. The Zion City evangelists say vaccine is "dirty stinking cow pox virus that killed bright healthy children."

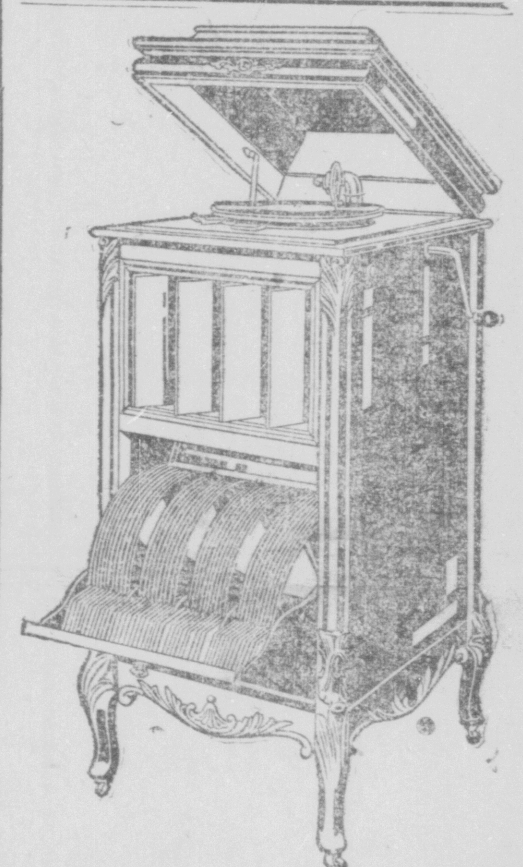

Eat a Square Meal and Not Fear Indigestion

There are hundreds of people, in Rushville who were not the least surprised when they read in "The Daily Republican" that Johnson's Drug Store is selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure.

Johnson's Drug Store can tell you of the many well known people in this city who this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that Johnson's Drug Store stands ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in Rushville today, praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na, they eat what they want and when they want with no fear of suffering.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-
achy or Bladder bothers—Meat
forms uric acid.

No man or woman who eats meat regu-
larly can make a mistake by flushing
the kidneys occasionally, says a well-
known authority. Meat forms uric acid
which clogs the kidney pores so they
sluggishly filter or strain only part of
the waste and poisons from the blood,
then you get sick. Nearly all rheuma-
tism, headaches, liver trouble, nervous-
ness, constipation, dizziness, sleeplessness
bladder disorders come from sluggish kid-
neys.

The moment you feel a dull ache in the
kidneys or your back hurts, or if the
urine is cloudy, offensive, full of sedi-
ment, irregular of passage or attended
by a sensation of scalding, get about four
ounces of Jad Salts from any reliable
pharmacy and take a tablespoonful in
a glass of water before breakfast for
a few days and your kidneys will then be
fine. This famous salts is made from
the acid of grapes and lemon juice, com-
bined with lithia and has been used for
generations to flush clogged kidneys and
stimulate them to activity, also to neu-
tralize the acids in urine so it no longer
causes irritation, thus ending bladder dis-
orders.

Jad Salts is inexpensive and can
not injure; makes a delightful effervescent
lithia-water drink which all regu-
lar meat eaters should take now and
then to keep the kidneys clean and the
blood pure, thereby avoiding serious kid-
ney complications.

ADD TO ENGLISH LABOR MUDDLE

Women Munition Workers Charge
Their Patriotism is Being Ex-
ploited to Satisfy Greed.

AGREE WITH LABORING MEN

Declare Employers Are Taking Ad-
vantage of Their Inexperience
to Sweat Them.

BY HENRY WOOD.
(U. P. Staff Correspondent.)
London, Oct. 9. (By Mail)—Wom-
en munition workers of England
say they are being sweated and that
their patriotism is being exploited to
satisfy employers' greed. The wom-
en's formal charges, just filed with
the Labor Board, add to the labor
muddle in the United Kingdom.

The women usually are not affilia-
ted with regular trade unions, whose
domain they have invaded, but in
this case their charges coincide with
the allegations of the laboring men.
The English working women, like the
men persist in their efforts to get a
hearing when the life of the nation
is at stake, they say, because al-
though they declare themselves pa-
triotic they cannot permit their pa-
triotism to be exploited.

While the manufacturers grow
rich out of government war con-
tracts, the working women insist
their wages remain unincreased
while the cost of living is constantly
ascending. They charged this, too,
and the women add that their em-
ployers are taking advantage of
their experience to sweat them.

One advantage the women have is
that government boards were ap-
pointed to investigate conditions un-
der which they might be called upon
to work. These boards have respon-
ded to the cry for help and are, after
investigation, bending the weight of
their authority to the protests.

The complaints center largely in
the Manchester district where thou-
sands of women are employed and
hundreds are being added weekly. It
was found that many factories are
installing lighter machinery for the
women, but are not paying them
men's wages, nor nearly so much.

The wages were found to vary
from a maximum of about \$5 for a
48-hour week down to \$2.50 for a
51-hour week. Despite the minimum
wage of seven cents an hour fixed
many concerns paid less.

The women demand factory can-
teens so the women night worker
may have a hot meal. A demand is
also made for a shift schedule that
will not permit a woman to work
more than 8 hours at a time.

Another protest was against
heavy work being given to the wom-
en. One young girl handled an 18
pound shell every minute through-
out the day. Other girls were found
working on rough cast shells weigh-
ing 23 pounds.

The report of the government
committee was that women could not
be employed on heavy physical work
of this nature for the period of
hours now required unless they were
paid sufficiently to permit of proper
food and nourishment.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg
Breast Tea, or as the German folk
call it, "Hamburger Brust Tee," at
any pharmacy. Take a tablespoon-
ful of the tea, put a cup of boiling
water upon it, pour through a sieve
and drink a teacup full at any time.
It is the most effective way to break
a cold and cure grip, as it opens the
pores, relieving congestion. Also
loosens the bowels, thus breaking a
cold at once.

It is inexpensive and entirely veg-
etable, therefore harmless.

Pains Often Mean Uric Acid Poison

Pay Attention to Pains—Most Peo-
ple Have Rheumatism And
Don't Know It

Ouch! Does it hurt to move your
arms, legs, bend your back or stretch
your muscles? Be careful and take
heed in time. Rheumatism is steal-
ing on you and may cripple you if
you don't stop uric acid from settl-
ing in your veins and muscles.

Rheuma, a great specialist's pre-
scription, chases this poison out of
the system and gives relief from
all forms of Rheumatism. It acts
through the seat of the trouble, the
kidneys, stops the formation of uric
acid, then drives out through the
bowels that which is in the blood.

Genuine Rheuma (see that you get

week. Her prospective supporter is
busy looking for a job in the mean-
time. The wedding bells may ring a
little flat to the bridegroom's ears.
But there'll be nothing flat about
he wedding ring. It's platinum, set
with eleven diamonds.

An unchased gold band may be
haste, but it isn't chased after by
he 1915 model brides. After all,
his golden link in Hymen's fetters
might just as well be as ornate as
it is binding.

It was a step toward emancipa-
tion when the brides of seven or
eight years ago cast off the massive
and cumbersome bull's-eye band of
their grandmothers and spanned
their dainty little left third finger's
with a narrow yellow circlet.

Now nothing will do but a diamond
banded circlet, one of platinum or,
if it must be gold, one heavily hand
carved and decorated.

A progressive western jewelry
firm has on hand two charming wed-
ding rings; one dubbed The Venus,
the other, The Orange Blossom. They
come in green gold, in platinum or
diamond studded. Fittingly symbolic
The Venus is decorated with a de-
sign of myrtle, the vine sacred to
be goddess of Love and Beauty. The
Orange Blossom design needs no ex-
planation of its symbolism.

That well advertised young heir-
ess, Eugenia Kelly, when she became
he second bride of Al Davis the
other day, unwittingly became the
arbiter of the latest fashion in
wedding rings. When the bridegroom
forgot such a mere detail, she was
narrated with a quaint copper ring
of her late father's.

Ring the changes on the wed-
ding ring is almost bound to cause a
harmful rush on the divorce court.
All of the brides of yesteryear will
be so anxious to change "little-old-
last year's" wedding ring for one of
the lovely new ones.

Another dire possibility is that the
ringing of bridal bells may be hush-
ed throughout the land if the
bridegrooms go on a strike and refuse
to accede to the ringing of the brid-
al bells in the new elaborate manner
in which they wish to be accustomed.

PREDICT RISK WILL WITHDRAW

Ill Health Has Added to Rumor and
it is Believed he Will Support
Right Man.

IS KNOWN AS ANTI-TAGGART

Has Declared in Favor of Prohibi-
tion, Constitutional Conven-
tion and Suffrage.

(By United Press.)
Indianapolis, Ind., Dec. 6.—That
Kirby Risk is not definitely com-
mitted to his own candidacy for nomi-
nation for governor and that he may
withdraw in case a man suitable to
Risk announces himself, was the ex-
pressed opinion today of several lo-
cal men of keen insight into state
political matters.

Risk, who announced himself as a
candidate on a platform of state
prohibition, a constitutional conven-
tion, and women's suffrage repre-
sents the wing of the democratic
party known as anti-Taggart.

The fact that Risk has been ill for
several weeks lent additional color
to the rumor. Some were inclined
to interpret a paragraph of a letter
written to Walter G. Greeson, of Ko-
komo, as indicating this frame of
mind on Risk's part. The letter ap-
peared in the Kokomo Dispatch and
reappeared in the Indiana Forum, a
weekly paper that has favored Risk.

"I hope there will be a candidate
for governor, in the state of Indiana,
nominated on the Democratic tick-
et," wrote Risk, "that will command
the respect and confidence of a ma-
jority of voters of the state. He
must be a man that will stand four
square to every wind that blows; he
must be absolutely honest and effi-
cient and he must, among all other
things, know men in the state of In-
diana sufficiently well to enable him
to select honest public servants and
select them with a view and a posi-
tive insistence that every public ser-
vant must give an honest efficient
service. The servant wants first his
state honesty and conscientiously,
serves best his party."

But those who predicted Risk
would withdraw from the race did
not know whom he had in mind when
he wrote the letter.

HOOSIER HISTORY

INDIANA IN EMERGENCY

Following the union reserves of
1862, President Lincoln issued a call
for 300,000 troops. This, with a
confederate attack on Kentucky
roused Gov. Morton to extraordinary
activity. Mustering proceeded day
and night. Within four days 14,000
men were organized, equipped and
sent to the front, exultantly de-
clared the Indianapolis Journal. In
the absence of funds for bounties
and advance pay, Morton is said to
have raised \$5,000,000 on his per-
sonal credit. So surprisingly fast
were the troops sent from Indiana
that a Kentuckian is said to have
exclaimed: "If you want soldiers
from Indiana all you have to do is to
take some blue cloth and brass
buttons, throw them into a hopper,
put Morton at the crank, and they
will come out a regiment."

A Generous Enemy.

When, in the winter of 1862, five
thousand prisoners were received at
Indianapolis, the Governor showed
that he was no respecter of flags as
far as caring for soldiers was con-
cerned. He procured clothing for the
needy, hired buildings and turned
them into infirmaries for the
sick, many of whom were cared for
in private homes. By means of ba-
eries which he establishes the pris-
oners were served with fresh bread
instead of army hardtack. "These
men," said Morton, in a statement
in the Journal, "mislead as many
have been, were but a few months
ago friends and neighbors."

HARTFORD CITY MAN ESCAPES THE KNIFE

Charles Inman Able to Go to Work
After Operation Was
Avoided.

Charles Inman, 421 East Chestnut street, Hartford City, Ind., was desperately ill with stomach trouble. He was advised to go to Fort Wayne for an operation.

Then he took May's Wonderful Remedy and in a short time was able to go back to work. In a letter he said:

"My disease started seven years ago. I had to give up and go to bed. Four doctors said they could not cure me unless I went to Fort Wayne to be operated on, and that it would cost \$150 or \$200. My daughter saw your advertisement and I took your treatment. In three weeks I went to work and haven't missed but one-half day since from sickness. It surely saved my life."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

The Tariff and Wages

Thomas B. Reed—"Where two nations have equal skill and equal appliances and a market of nearly equal size, and one of them can hire labor at one-half less, nothing but a tariff can maintain the higher wages, and that we can prove. If there be two bales of goods side by side made by the same kind of machinery and with the labor of the human being in both of the same degree of skill, and if the labor of one bale can never be sold until the extra cost for the costlier labor is squeezed out of it; provided there is an abundant supply of the product of the cheaper labor. If the bale with the cheaper labor of England in it meets the bale with the dearer labor of America in it, which will be bought at cost of production? I leave that problem just there. The sale of the English bale will be only limited by England's production."

Free Sugar.

Congressman Richard W. Austin, of Tennessee—"Congress should lose no time in repealing the free sugar folly. The European war has saved and kept alive our sugar industry from the first cut of 25 per cent in the tariff duty and the anticipation of the total abolition of the duty. Germany stands first and Austria third in the list of sugar-producing countries. Prior to the war twelve sugar beet factories closed down on account of the action of Congress,

and the Louisiana sugar farmers were seeking, if possible, the substitution of another less profitable crop. In Honolulu I learned of the sale of a large local sugar company and the plantation to a party of Japanese. The explanation was that the owners knew that after the close of the war in Europe and the placing of sugar on the free list on May 1, 1916, to command the placing of sugar on the free list on May 1, 1916, to compete with the Cuban sugar planters means bankruptcy. This is but the forerunner of what will happen to this splendid American industry unless Congress repeals the free sugar law. If free sugar permanently remains, the industry in our insular possessions will fall into the hands of aliens, our deserving people will be crowded out, and our local export trade to Porto Rico, the Hawaiian and the Philippine Islands will be done by our foreign competitors. The American people have certainly paid a fearful penalty for the folly of electing a Free-Trade theorist to the Presidency, along with a subservient Congress ever ready to do his bidding."

Ship Bill Dangerous.

Congressman Charles F. Curry, of California, discussing the ship purchase bill—"I am opposed to this bill. It is inexpedient, untimely, unnecessary, dangerous, and contrary to the fundamental principles of our Government. The only action needed to rehabilitate the American merchant marine is to defeat this measure, re-enact the marine laws that were on our statute books prior to 1815, providing for preferential duties on goods carried in American bottoms, and change our commercial treaties with a number of foreign nations, which we can do by giving a year's notice, or pay a subsidy where and when necessary and give the preference to our own ships in carrying the mails, as other maritime nations do. The business of government is to govern, and not primarily to engage in private business enterprise that brings it into competition with its own citizens. The engaging of Government in private business is justifiable and right when the enterprise can be better conducted by the Government for the benefit of all of its citizens than it can be conducted by private enterprise, and in conditions of emergency. The entering of the Government into the shipping business at this time can not be justified on either hypothesis, and during the continuance of the European war it will endanger the peace of our country."

WILL TEST OUT IDAHO STATUTE

Law Prohibiting Anyone From Having Liquor in Possession Will go to Higher Court.

GOES TO FEDERAL COURT

Test Case Revolves Around Arrest and Conviction of Ed Crane of Moscow, Idaho.

BY D. W. GREENBURG.

(Written for United Press.)

Moscow, Idaho, Dec. 7.—Idaho's new statute making it a crime for any person to have liquor in his possession is to be tested for constitutionality in the U. S. Supreme Court. The high court's decision may have important bearing on the nationwide battle of the wets and dries. The district and supreme courts of Idaho have declared the law constitutional.

The wets say the law unconstitutional; because section XIV of the federal constitution says "no state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any state deprive any person of life, liberty or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the law."

The Idaho Supreme Court upheld the law on the theory that "the legislature is supreme and can denounce as a crime the possession of whiskey if in its judgment such denunciation is essential to the health, morals and safety of the public."

Should the U. S. court declare constitutional this law prohibiting the possession of liquor by individuals in prohibiting territory, the dries are expected to make capital of it in all wet territory, and to seek a national law like the one in Idaho. Should the law finally be declared unconstitutional, the wets are expected to do the talking.

The test case revolves around the arrest and conviction of Ed Crane, a Moscow laboring man, on the charge of having a bottle of whiskey in his possession. Crane is in jail.

The only intoxicating liquor anyone may own in Idaho is a limited amount of alcohol, held under strict regulations by druggists for medicinal purposes; and sacramental wine possessed by clergymen.

Farmers in Minnesota Organize For Their Protection

(By United Press.)

St. Paul, Minn., Dec. 7.—Six thousand farmers gathered here today for the annual convention of the Equity Co-Operative Exchange designed to market their wheat and other products, lowering the price to the consumer and increasing the farmer's profits.

Originated by a group of farmers who believed they could market their own grain, without the aid of brokers, the equity movement has spread until it embraces Wisconsin, Minnesota, Iowa, North Dakota, South Dakota and Montana. A central market has been established in St. Paul, to be the shipping point for all grain produced in this part of the United States. A half million bushel elevator is to be built at once. The farmers plan to ship grain by barge to New Orleans, and thence by steamer to Europe.

Notice of Election.

On Tuesday, January 11th, 1916, a meeting of the share holders of The Peoples Loan and Trust Company of Rushville, Indiana, will be held at their offices, between the hours of 8:00 a. m. and 4:00 p. m. to elect seven Directors to serve the ensuing year.

Nine out of ten persons have this dread disease

Pylorhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth.

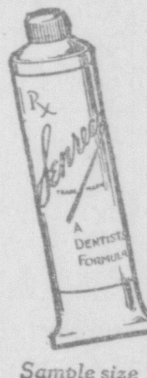

Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet.

To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public

in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sentanel Remedies Co., 503 Union Central Bldg., Cincinnati, Ohio.

Democratic National Committee
Gathers in Washington For Im-
portant Session.

FIGHT FOR NEXT CONVENTION

Time And Place Will be Decided at
This Time—Some Opposition
to McCoombs

(U. P. Staff Correspondent.)
Washington, Dec. 7.—The 1916
Presidential campaign was launched
here today with the Democratic na-
tional committee selecting a place
and time for the Democratic national
convention. The Republican com-
mittee meets here a week from today
to do the same. The Democratic
committeemen favor June.

President Wilson's renomination
was not questioned by the Democra-
tic chieftains. Other features of the
campaign, including renomination of
Vice President Marshall, were much
discussed, informally.

Democratic leaders, warhorses and
politicians, the usual entourage of
the national committee's annual
meeting and the committees from
cities seeking the convention, were
here as usual.

There was speculation regarding
the alleged movement to oust William
F. McCoombs of New York as chair-
man. Friends of Fred B. Lynch of
Minnesota were said to be active in
trying to have him succeed Mc-
Coombs. Party leaders insisted the
rumors were without foundation.
Among the cities bidding for the con-
vention were Chicago, St. Louis,
Dallas, San Francisco and Omaha.
Lengthy arguments and pyrotechnics
were scheduled.

Called to order at 11 o'clock at the
New Willard Hotel by Chairman Mc-
Coombs, the morning session was
largely routine.

There were eight vacancies on the
committee. In two of these there
were contests, from Oregon and
Kentucky. Urey Woodson and Gen.
W. B. Haldeman were the contest-
ants for Kentucky's seat and Will
R. King and H. M. Easterly for Ore-
gon's. Both contests presented novel
tangles. Woodson was chosen by the
Kentucky state committee. At last
summer's state convention Gen. Hal-
deman was named national commi-
tteeman. A similar family quarrel
was the Oregon contest. King was
selected by the Oregon state com-
mittee and in last year's primary

Just a few days and then Christmas. We want you to acquaint yourself with this great Christmas store and its throngs of snappy holiday offerings. We have brought to your doors as varied and distinctive a class of gift articles as you could hope to find in any market. Every gift has some beauty or utility to commend it. Don't delay your purchases, but see this vast assembly while it is at its best. Then, too, you have this advantage—without leaving this store you can satisfactorily fill your gift-list for the entire family and all your friends. This is a great improvement over the old style "shopping around." Cut out these appended lists and use them as permanent helps from now until Christmas.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water
with phosphate in it,
before breakfast.

To feel as fine as the proverbial
fiddle, we must keep the liver washed
clean, almost every morning, to pre-
vent its sponge-like pores from clog-
ging with indigestible material, sour
bile and poisonous toxins, says a noted
physician.

If you get headaches, it's your liver.
If you catch cold easily, it's your liver.
If you wake up with a bad taste, furred
tongue, nasty breath or stomach be-
comes rancid, it's your liver. Sallow
skin, muddy complexion, watery eyes
all denote liver uncleanness. Your
liver is the most important, also the
most abused and neglected organ of
the body. Few know its function or
how to release the dammed-up body
waste, bile and toxins. Most folks
resort to violent calomel, which is a
dangerous, salivating chemical which
can only be used occasionally because
it accumulates in the tissues, also
attacks the bones.

Every man and woman, sick or
well, should drink each morning be-
fore breakfast a glass of hot water
with a teaspoonful of limestone phos-
phate in it, to wash from the liver and
bowels the previous day's indigestible
material, the poisons, sour bile and
toxins; thus cleansing, sweetening
and freshening the entire alimentary
canal before putting more food into
the stomach.

Limestone phosphate does not re-
strict the diet like calomel, because it
can not salivate, for it is harmless and
you can eat anything afterwards. It
is inexpensive and almost tasteless, and
any pharmacist will sell you a quarter
pound, which is sufficient for a demon-
stration of how hot water and lime-
stone phosphate cleans, stimulates and
freshens the liver, keeping you feeling
fit day in and day out.

election Easterly was chosen by the
Democratic voters.

Democratic precedent provides full
four year terms for each committe-
men. The national committee was
presented with the problem of over-
throwing choices of state com-
mittees, according to established
precedent, by recognizing the choice
of a party conventions and the rank
and file in a primary contest. Full
authority and discretion was vested
in the committees, to decide the con-
tests.

Other new members seated to-day
were—Vincent Miles of Little Rock,
Ark., to succeed W. H. Kavanaugh,
former president of the Southern
Baseball League, deceased; John T.
Barnett of Denver, Colo., succeeding
Thomas J. McCue, deceased; W. W.
Marsh, of Waterloo, Ia., succeeding
Martin J. Wade, appointed as federal
judge; Charles E. Johnson of Water-
ville, Me., succeeding E. L. Jones, re-
signed; Representative Cordell Hull
of Carthage, Tenn., succeeding R. F.
L. Mountcastle, deceased, and Z. R.
Cheney of Juneau, Alaska, succeed-
ing A. J. Daly, deceased.

The committee had to elect a sec-
retary to fill the vacancy caused by
the resignation of Joseph E. Davis,
chairman of the Federal Trade Com-
mission. Thos. J. Pence was slated.

A spectacular feature of the meet-
ing was the suffrage battle staged by
delegations of pros and antis. Hear-
ings were granted prominent represen-
tatives of both factions. Declara-
tion in the 1916 platform suffrage
was advocated and opposed.

Another discussion within the
committee was threatened over pro-
posed resolutions endorsing the ad-
ministration's national program.
Pro-Bryan committeemen were pre-

pared to head off such action. The
committee will, however, before ad-
journment adopt resolutions com-
mending the Wilson administration
and achievement of Democratic ex-
ecutives and Congress.

Many of the national committe-
men were represented today by prox-
ies, held by various cabinet officers,
Senators and Representatives.

More Men Than Women Have Appendicitis

Surgeons state men are slightly
more subject to appendicitis than
women. Rushville people should
know that a few doses of simple
buckthorn bark, glycerine, etc., as
mixed in Adler-i-ka, often relieve or
prevent appendicitis. This mixture
removes such surprising foul matter
that ONE SPOONFUL relieves al-
most ANY CASE constipation, sour
stomach or gas. The INSTANT, easy
action of Adler-i-ka is surprising.

NO COMPROMISE ON GAS QUESTION

City Indicates it Intends to Keep up
Fight For Reduction in Price
by Action Today

DEMURRER PLACED ON FILE

Constitutionality of Public Service
Commission Law is Again At-
tacked by Attorneys.

Any idea that the City of Rushville will abate its fight on the Public Service Commission and the gas companies involved is mistaken. There was some talk of a compromise following the reduction of the price of gas as charged by the Central Fuel Company from forty cents a thousand to thirty cents a thousand, but this has fallen through because the city does not see anything over which to compromise, it is stated.

Under the promised compromise the city was to dismiss the suits against the gas companies and the Public Service commission. That thought of a compromise has vanished is shown by the filing of a demurrer by the City of Rushville this morning to the second paragraph of answer in the cases against the Public Service Commission and the two gas companies.

In these two suits the city attacks the law creating the Public Service Commission. The demurrer points out that the amended second paragraph of the answer as filed by the Public Service Commission is not sufficient to constitute a cause of defense and then proceeds to attack the alleged constitutionality of the act.

It is declared in the demurrer that Chapter 76 of the Acts of 1913 and every section and part thereto is unconstitutional. The chapter referred to is the law creating and defining the powers of the Public Service Commission.

It is charged that the law violates Section 10 of Article 1 of the Federal constitution; Section 1 of Article 14 of the Amendment to the Federal constitution; Sections 21, 23, and 24 of Article 1 of the constitution of the State of Indiana.

It is further alleged that the Public Service Commission is wholly without power to permit the gas companies to charge a higher rate than fifteen cents a thousand cubic feet at the gas companies operate under a franchise given by the city council.

TO MAKE VATICAN CLEARING HOUSE

Pope Benedict Has This in View, it
is Believed, from Election
Delivered Today

OUTLINES COURSE FOR PEACE

BY HENRY WOODS
(U. P. Staff Correspondent.)
Rome, Dec. 7.—That Pope Benedict hopes to make the vatican a clearing house for peace ideas through which the war will soon end became known through the election delivered at the opening session of the secret consistory today.
The pope pointed the way to a possible peace agreement by the exchange of views by the nations at war. His method of arriving at peace has been rapid and found satisfactory in similar cases, he pointed out.

COUNTY CLUB IS ORGANIZED

Officers Are Elected by 25 Charter
Members and Steps Taken to
Increase Membership.

THE GOAL IS 500 MOTORISTS

Boosters Feel That With 1,100 Auto-
mobile Owners in County, Half
Should Support Movement.

The Rush County Motor Club, a branch of the Indiana State Automobile association, was organized at a meeting of the charter members of the local club in the court house assembly room last night.

There are twenty-five members here, the number necessary to form a club, and the field secretary of the state organization, Carlisle M. Smith, will remain here three or four more days to get more members for the club. A membership campaign will be started by the club immediately after the holidays.

The following officers were elected last night: president, W. O. Feudner; first vice-president, Lon Mull of Manilla; second vice-president, F. O. Hillis of Milroy; third vice-president, Howard Henley of Carthage; secretary-treasurer, A. L. Gary; governors, Will Jay, E. O. Humes, E. R. Casady and W. C. Reinheimer; members of state board of directors, W. O. Feudner and Will Dill.

The sentiment of the meeting last night was that there should be a club of five hundred members in Rush county, when it is considered that there are eleven hundred automobiles owned in Rush county. It was pointed out that such an organization is necessary to motorists as a matter of protection. Automobile owners of the county are urged to join and strengthen the state organization in its fight for a reform of the highway laws in Indiana.

It has been shown that the owner of an automobile is under a system of double taxation and that he should assist the organization that is trying to bring about methods that will cause to be spent the immense sums that are paid by motorists so that the best results will be obtained. It was advocated at the meeting last night that car owners join the organization at once because the sooner it is perfected, just that much sooner will something be accomplished.

The first meeting of the board of directors of the state association was held at association headquarters, Room 1224 Hotel Severin, Indianapolis, on Dec. 1st, at which time the following officers were elected: president, Walter E. Blount of Evansville; first vice-president, W. B. Foresman, Lafayette; second vice-president, L. R. Whitney, Terre Haute; third vice-president, H. W. Boles, Elkhart; secy-treas., Geo. H. Dilke, Richmond; member of executive committee, W. L. Sandage, Indianapolis. The other members of the board of directors are: J. O. Davis and Gottlieb H. Bippus, Evansville; C. C. Hull and Edwin W. Tatman, Connersville; C. F. Jami sen, Lafayette; George A. Elliot and Patrick J. Lynch, Newcastle; Chas. E. McKeen, Terre Haute; F. D. Rose and Amos Whiteley, Jr. Muncie; T. S. Blish and Fred Ever back, Seymour; Richard Sedgwick and Stanley Hayes, Richmond; W. H. Foster, Elkhart; O. H. Binns, Logansport; W. J. Fulton and L. W. Nichols, Gary; C. E. Barnhol and H. K. Brown, Valparaiso; Chas. J. Oval, Indianapolis.

The president of the new organization has had a great deal of broad, successful experience along the line

SERUM COMPANY BUYS SITE HERE

Takes up Option and Closes Deal
For 70 Acres of Land on Old
Caldwell Farm at \$200 an Acre.

TO BUILD \$100,000 PLANT

Buildings Will be White Concrete and
Will be Modeled After One at
Zionsville.

The National Serum Co. Monday night took up the option which they held on seventy acres of land on the old Joe Caldwell farm just south of Rushville and purchased the tract as a site for their new serum plant which will be erected next spring. The land was purchased from J. L. Cowing and J. D. Case at two hundred dollars an acre. They bought the farm of the Caldwell estate several months ago.

The National Serum company will erect a plant at the cost of one hundred thousand dollars. The buildings will be white and made of concrete. For that reason the building has to be deferred until spring. The plant will be modeled after one at Zionsville. The company expects to furnish serum direct to the farmers. The site is off the south side of the farm.

Mr. Cowing and Mr. Case have divided the remainder of the farm into ten-acre tracts for purposes of sale. A house is being erected on one of the tracts now.

Persons who have been in touch with the efforts to locate the serum plant here say that it will be a very worthy addition to Rushville's industrial growth. The fact that \$100,000 will be invested means that the plant will be a large and modern one, it is pointed out.

It was stated today that the location of the plant just south of Jersey City would not make any land adjacent undesirable. It was declared that there would be no odor whatever arising from the plant at any time. It will be kept clean and in a wholly sanitary condition at all times, the promoters say.

GRAND JURY IS GRINDING AGAIN

Takes up Investigation of Shooting
of Glen Osborne and Reported
Shooting at Arlington.

MAY CLOSE DOWN WEDNESDAY

The grand jury resumed activities this morning after a vacation of one week. Only a few witnesses were before the grand jury. One of these was Glen (Grimmie) Osborne who was slashed about the face and stabbed four or five times in the abdomen about a week ago. Osborn at the time refused to give the name of his assailant and he was given an opportunity to tell the grand jury of his fight.

It was intimated that tomorrow night be the last day for the grand jury this term of court. Prosecutor Stevens will likely take the grand jury to the poor farm and the county all on a tour of inspection, before he final report is made to the court. It was also reported that an alleged shooting affair at Arlington Sunday night would receive attention from the grand jury.

INTERPRETTED AS UNFRIENDLY

Refusal of Reasons Actuating United
States in Recalling German At-
taches Brings Reply.

DIPLOMATIC CLASH FEARED

Breaking of Relations and Recall of
Ambassador Bernstorff Gravely
Discussed.

(By United Press.)

Washington, Dec. 7.—Formal refusal by the state department of German requests for the reasons actuating the United States in asking for the recall of Captains Von Papen and Boy-Ed was sent last night to Berlin and to Ambassador Bernstorff, it became known today.

The action was interpreted at the German embassy today as "very unfriendly."

Secretary Lansing in his decision to refuse Germany this government's reason for requesting the recall of Attaches Boy-Ed and Von Papen has the expressed backing of President Wilson. This become known authoritatively today.

It was announced that Ambassador Bernstorff has arranged to see Secretary Lansing at 10:30 o'clock. In the state department there was a feeling that a serious diplomatic clash was eminent.

Relations between the United States and Germany are nearer the breaking down point than any time since the war began, as the German foreign office is making a colossal bluff. The outcome is uncertain, with serious eventualities likely.

A break of diplomatic relations with the recall of Ambassador Bernstorff, possibly volunteered by his own government was gravely discussed.

Until it reaches the stage of the exchange of notes directly between the Berlin-foreign office and the state department administration officials hope for a solution that will preserve the diplomatic relations.

Number of Wards Grows, But There
are no New Stockholders—
"Psychological Depression."

THERE ARE 114 ON LIST NOW

Stock in the Goodfellows League was selling below par today. The list of wards grew by leaps and bounds but there were no new stockholders. The mythical officers of the League might be discouraged were it not for the fact that they have faith in the League and believe that it will pull out of the "psychological depression" it is in and will triumph at last.

But the triumph will have to be a hurried one. Christmas is only two weeks from next Saturday; and there are one hundred and fourteen children on the books of the Goodfellows League who are anticipating a merry Christmas at the hands of the Good fellows. The number was a half hundred Monday. Today another investigator reported and added sixty-four names to the list. There are still more to come. Indications are that the number will pass the \$200 mark easily. So there is no time for Goodfellows to tarry. They should get a family of children now.

PREJUDICE BY JUROR ALLEGED

Attorneys For John Gray Try to
Show Juror Ben Jones Was Op-
posed to Their Client.

BEFORE EVIDENCE WAS IN

In Motion For New Trial, Opposing
Attorneys Content Alleged In-
jury Must be Shown.

Judge Sparks heard the argument on the motion for a new trial in the Johnson-Gray case this morning and at the conclusion took the question under advisement. The alleged misconduct of Juror Jones played an important part in the argument for a new trial.

It was alleged that Juror Jones talked about the case of Charles Markle and James M. Smith. An affidavit filed by Jones tended to offset the affidavit of these two. When the case was tried Johnson was given a judgment for \$350 against Gray by the jury. A. L. Gary, arguing for a new trial, attempted to show the court that the juror was prejudiced against the defendant, John A. Gray even before the defendant had introduced any witnesses, as the alleged conversion took place before the plaintiff had finished introducing evidence.

A great amount of law was cited to the court as proof of the contentions of both parties. Attorneys for Johnson stated that before a new trial could be granted because of the misconduct of Juror Jones it would first have to be shown that Jones injured Gray in making the statements that he was alleged to have made.

Following the argument in this case, Raymond Springer of Connersville took the bench as special judge and heard the argument on the motion to retax the costs in the case of Alphens P. Walker against Arthur B. Irvin and the Rushville Glove Company. This action was a damage suit in which \$3,000 was demanded. The case was dismissed on the day that it was to have been tried. Walker alleged that he was charged with costs in the way of witness fees for witnesses who never appeared in court and who were not even as much as subpoenaed. Judge Springer took the motion to retax under advisement.

Judgement against James T. Irvine, Jr., one time hardware merchant of Arlington, was rendered this morning in several cases, by Judge Sparks. The Central Supply company was given judgment for \$133. The Milburn Wagon Co. was given a judgment for \$81.18. Both of these suits were brought on accounts. In the case of the J. I. Case Plow Works, tried yesterday, the court found for the plaintiff against James T. Irvine, Jr., in the sum of \$461.45, and also found for the defendants, Elihu Price and Charles Phillips. The suit was brought against the three men as a partnership and it was shown to the court that Phillips and Price were never members of the firm.

Judge Springer granted a change of venue in the suit of Pearl Short against Orbie J. Short, an action to modify a decree. No court was decided on and the change was not made.

Judge Springer was appointed special judge to try the case of the Fairview Burying Grounds association against Emery M. Vandever, et al. for the appraisement of property. Judge Sparks at one time was interested in this case and refused to try it.

T. J. Blackburn has purchased the Max Goldstein grocery, corner of Third and Spencer streets.

BITTER WORDS APPLIED TO THEM

President Wilson Denounces Hy-
phenated Americans in Address
to Congress Today.

IDEA OF MONROE DOCTRINE

His Mammoth Conception is For
Preparedness of Whole Western
Hemisphere.

(By United Press.)

Washington, Dec. 7.—President Wilson gave a new and constructive definition of the Monroe Doctrine today when he appeared before a joint session of congress and read his message. Preparedness by the whole western hemisphere—a moral partnership of all the Americans, a co-operation of their national aims, national policies and national defense but the president merged this gigantic project into one indefinitely greater plea for Pan-Americanism which he said was destined to play a foremost part in economic readjustment following the end of the European war. He laid stress on how the United States had played "brother" to Mexico and reiterated that the United States has no selfish purpose in its guardianship of the South and Central American republics.

But the message has another striking feature. In words that fairly mapped with their vigor, the president hurled at congress a denunciation of hyphenated Americanism.

It was the electric shock of his message. The bitter words with which he demanded that congress "take cognizance of the mind and heart against those who pour the poison of disloyalty into the very arteries of the national life" rang sharply in the vast hall.

The president demanded that the law-makers devise a means of reaching those "who have sought to bring he authority and good name of our government into contempt."

The president used such vigorous phrases as "corrupt distempers," "ugly and incredible thing" and "malign reaction."

"There are not many," the president said, "but they are infinitely malignant and the hand of our power should close over them at once."

U. S. STEEL SLUMPS.

(By United Press.)

New York, Dec. 7.—Following publication of President Wilson's message to congress today, United States steel dropped one and one-eighths points and sold at eighty-eight within three-eighths points of the high mark for the present year.

FOR BRONCHITIS, COUGHS, BRONCHIAL ASTHMA AND WHOOPING COUGH

Cheapest Remedy Made at Home—128 Teaspoonful for 25 Cents

The first 300 persons calling at Fox Bros. Drug Store will be entitled to a regular 50c bottle of Schiffmann's New Concentrated Expectorant for half price (25c) by presenting the coupon below, properly signed. With a view to giving those who have not yet used this new excellent remedy an opportunity of trying it, in the treatment of Bronchial affections, including Bronchitis, Whooping Cough, Croup, Severe Coughs, Colds and Hoarseness, to prove its merits, these druggists are willing to allow the public the profit which they would otherwise make and the proprietor is willing to lose money on the same, so as to give them an opportunity of trying it, at partially their expense, knowing it will be found the best medicine ever used by anyone.

Even though not in need of a Cough or Cold Medicine at the present time, it will pay to buy now, as some such medicine is sure to be required before the winter is over, but this remedy cannot be obtained at less than full price again. Besides making this reduction, these druggists guarantee this remedy just the same as Dr. Schiffmann's famous Asthmador, and will return the money in every single instance if it does

not give perfect satisfaction and even more—if it is not found the best remedy ever used for any of the above complaints.

This excellent remedy is sufficiently concentrated so that 50 cents worth, when mixed at home, with simply one pint of granulated sugar and one-half pint of water (according to printed directions) makes a whole family supply (128 teaspoonful) while bottles of the old, regular, ready-made kinds, of doubtful merit, and without a guarantee, usually average 20 to 32 teaspoonful.

It is prepared from strictly harmless plants, contains absolutely no chloroform, opium, morphine or any narcotic or injurious drugs which do most cough remedies, and can therefore be given to children with perfect safety. It is pleasant to take and children are fond of it. Besides, absolutely no risk is run in buying this remedy whatever, on the guarantee of the above, well-known, reliable druggists who will refund your 25c if it is not found the best remedy ever used.

If a neighbor or friend could be induced to divide and pay half the quantity, the cost would thus only be about 12c to each.

TWENTY-FIVE CENT COUPON—No. 5.

PURITY

The ingredients of the food you eat and give your children should be pure and healthful beyond any question.

Various food officials and pure food experts have frequently endorsed Royal Baking Powder as being superior to all other similar preparations, and many of the great chemists of the world, including most of those of official position, have given like testimony.

No other article of food has ever received such emphatic commendation for purity, strength and wholesomeness, from the most eminent authorities, as Royal Baking Powder.

Because Royal Baking Powder adds only healthful qualities to the food is one of the reasons why it is always preferred by teachers of cookery and the medical profession.

The Princess, will show for tonight Vera Sisson, Raymond Nye and Charles Mailes, in a swell two act drama "His Wife's Story." William Courtney a rising young lawyer candidate for mayor drops into a restaurant and there sees Louise Blair a cabaret singer. He is attracted by her and he urges her to give up her unworthy occupation. Billie Reeves will also be seen in a dandy farce comedy "The Cello Champion." Tomorrow night the serial picture "Neal of the Navy" will be shown.

The Gem will show the eleventh episode of "The Broken Coin" for the first picture tonight. The other picture is a comedy entitled "A Duel at Dawn." A cast of 350 photoplayers headed by Mary Fuller, one of the highest salaried and best known film stars in the country, enacted and staged "Under Southern Skies," the five act Universal photoplay version of Lottie Blair Parker's classic novel and speaking stage drama which comes to the Gem theater on tomorrow. "Under Southern Skies," with Grace George in the role now played by Mary Fuller, had one of the longest runs on Broadway ever enjoyed by a romantic military drama.

BARELY ESCAPES INJURY

Watt Bartlett Sticks to Dray When Horse Runs Away.

Watt Bartlett escaped injury yesterday, when the horse hitched to his dray ran off. The runaway started from the top of Perkins street hill, and the horse was not stopped until it reached Third street. A broken line is said to have been the cause. The horse and wagon struck several trees, but the wagon did not turn over. Mr. Bartlett remained on the dray.

CHAPTER ELECTS.

Rush Chapter, No. 24, Royal Arch Masons, elected the following officers for the year Monday night: Charles H. Brown, high priest; Howard B. Carmichael, king; George W. Osborne, scribe; Wilbur Stiers, treasurer; Miles S. Cox, secretary. The subordinate officers, who are appointed by the high priest, have not yet been announced.

LARGE CLASS INITIATED.

A class of twenty-five members was initiated by the Knights of Pythias Monday night. The class was in honor of A. G. Reeves and was known as the (Daddie) Reeves Page Rank class. Several visiting lodges from surrounding cities were present.

REDMEN.

The election of officers will be held tonight. A good attendance is desired.

Wilson's Message

President Wilson today told congress that we should be prepared against war with a citizen army and an adequate navy. He told congress that we needed more revenue and suggested ways and means of providing it. He suggested that congress might levy a tax of one per cent per gallon on gasoline and naphtha, which would yield about ten million dollars in a year; a tax of fifty cents a horse power on automobiles and internal explosion engines, which should bring in fifteen millions; a stamp tax on bank checks that would yield approximately eighteen millions; a tax of twenty-five cents per ton on pig iron, yielding ten millions and a tax of twenty-five cents per ton on fabricated iron and steel bringing in probably ten millions.

The president's theory is that "the industry of this generation should pay the bills of this generation." But whatever the president's theory may be, we have heard for years from Democratic partisans that under Republican rule the people have been bled by the high protective tariff barons, that they have been made to pay prices far in excess of those charged in foreign lands, due to the protection afforded them by a high tariff.

Let us say we shall allow that as a premise. We have had almost three years of Democratic rule in the nation, with a Democratic president and a Democratic majority in congress. Have we found any of the things the Democrats promised us have come true? Have they made the cost of living cheaper? Instead they have heaped upon the country a series of internal revenue taxes in one guise or another, the most obnoxious of which was labeled a "war tax." In the face of a steadily increasing revenue, the daily treasury statement from Washington was manipulated from day to day to make finances appear better than they really were, and when it was impossible to keep from showing an immense deficit—growing by leaps and bounds daily—the statements were discontinued.

Now we have the spectacle of President Wilson recommending to congress that it impose further taxes on the people, to be paid by the ultimate consumer. He further suggests that the import tax on sugar be left as it is. The Underwood bill, by which this administration would have been compelled to stand or fall had not the war intervened, contemplated that the one cent a pound tax on sugar be removed on May 1, 1916. This must of necessity be construed as an admission that the legislators who framed the Underwood bill were wrong. No hint is found in the message, however, that certain changes might be made in the tariff not only to protect home industry but to raise sufficient revenue so that

It would be necessary to continue some new method of taxing the people every time Congress imperiously revealed that he had not forgotten his pet hobby—the ship purchase bill. After observing that at the last session of congress, this self-same measure split the forces of Democracy wide open, he again urges it upon the new congress, not content to seek some other means of encouraging the establishment of American-owned carrying-vessels.

"The President's message opens with a discussion of Pan-Americanism, in which he attempts to justify his course in Mexico, disposing of the teachings of the Monroe doctrine with the simple assertion that we are in the 'light of a new day.'"

"We have been put to the test in the case of Mexico," he says, "and we have stood the test."

America has its troubles as well as Europe. Congress again!

President Wilson wants us "to be Americans." So do we!

You'll soon be writing it 1916—unless you forget.

COUNTY CLUB IS ORGANIZED

Continued from Page 1.

of the Association's activities and Mr. Blount was the unanimous choice of the board of directors and the affiliated clubs of the state association. Mr. Blount is secy-treas. and general manager of one of Evansville's largest and most progressive manufacturing establishments, the Blount Plow Works, which has been located in that city for nearly half a century. He is also president of the Evansville Automobile Club and the Evansville Chamber of Commerce. Through his ability as a leader and an organizer Evansville has just completed a Chamber of Commerce membership campaign which places her in the very forefront of all American cities of her size, with a membership of over thirteen hundred.

It is reasonable to expect, therefore with Mr. Blount at the head of The Indiana State Automobile Association a broad constructive, progressive policy will be pursued by the organization. The other officers and directors of the organization are equally progressive and well known in their particular lines of endeavor and the membership of the affiliated clubs and motorists and good road advocates of the state generally can feel assured that with their support the Indiana State Automobile Association will be the means of securing better roads in this state and greater efficiency and economy in their construction and maintenance.

The Indiana State Automobile Association has now perfected its statewide organization and stands one of the largest and strongest state automobile associations in the middle west with affiliated clubs in the larger cities and towns of the state such as Evansville, Terre Haute, Richmond, Lafayette, Elkhart, Logansport, Muncie, Newcastle, Connersville, Seymour, Rushville, Gary Valparaiso, and clubs in process of organization in a half dozen other cities. The Association has been carrying on a state wide campaign of organization and education for the past six months and will prosecute a vigorous campaign for a state highway department and better roads for Indiana until the opening of the legislature in 1917.

HOOSIER HISTORY

(Prepared for the United Press by the Centennial Department of the Indiana Historical Commission.)

DEMOCRATIC TRIUMPH IN 1862.

In October 1862, a state election took place in Indiana. The Republicans and War Democrats joined forces at a "Union" party in opposition to the old line democracy. Several things contributed to the success of the latter was strongly opposed and one month before the election Lincoln announced his policy of negro emancipation. Furthermore, a large percentage of the union vote was in the army. The result was

The old adage "better late than never" is a poor one to apply to Christmas shopping. Whoever follows it is sure to be sorry. The time to shop is now, now when the Christmas stocks are fresh and new, and when the store people have time to take care of your wants in the proper manner. Shop early and you will be more satisfied with the things you send them, for, if you buy in a hurry and at the last minute, you are sure to buy things that are not so appreciated as things you buy if you took plenty of time in selecting them. Don't be late and get caught in the mad rush and get your disposition spoiled. Begin buying now.

Every department in our store is filled with items suitable for Christmas giving. Articles to adorn the person and beautify the home. Gifts that give lasting pleasure. We want you to make our store your Christmas store.

JUDGE COMSTOCK SPENDS DAY HERE

Republican Candidate for Congressional Nomination Says he Meets With Encouragement

FEELS OUT SENTIMENT HERE

Judge Daniel W. Comstock, of Richmond, candidate for the Republican nomination for congress in this district, spent today in Rushville, calling on Republicans and feeling out the sentiment regarding his candidacy in this county. Several Republicans volunteered to show Judge Comstock about the city and introduce him to Rushville men.

Judge Comstock said he had not made a very thorough canvass of the district because of being retained at Richmond by legal business, but he said that he had met with encouraging news wherever he had been. Judge Comstock has been acting as special judge of the Wayne court for some time because Judge Fox has been incapacitated by ill health.

Judge Comstock has been in Fayette, Franklin, Shelby and Hancock counties pushing his campaign for the nomination.

Defense That She Shot Varner For Entering House Wins Case

(By United Press.)

Tipton, Ind., Dec. 7.—Mrs. Cora Robertson, charged with the murder of Walter Varner, was acquitted today by a jury which returned a verdict at six a. m. after being out since 9:30 last night. Her defense was that she shot Varner when he attempted to break into her home. Because of certain charges made by the prosecution the case became known as "the badger game murder" case.

JOHN GRUBBS IS RELEASED FROM JAIL

Man Who Was Held For Failing to Make Report as Guardian of Children is Set Free.

COMPLIES WITH CONDITIONS

John Grubbs was released from jail late Monday afternoon after his report as guardian of his three children, Marie, Wilbur and Goldie, had been to the satisfaction of Judge Sparks. Grubbs had been in jail for over a week, following the issuance of an attachment for him because he failed to heed the court in making his report.

The report was made to the court by Grubbs' lawyer, Chauncey Duncan, and it was submitted as a final report, showing to the court that the guardianship trust was closed. Judge Sparks ordered the clerk to notify the Maryland Casualty company that the final report had been approved and this company was released from his bond.

THREE CARTHAGE BOYS ARRAIGNED

Walter Catt and Weldon and Wayne Linscott Are Charged With Petit and Grand Larceny.

ARE ACCUSED OF THEFTS

Weldon Linscott, Wayne Linscott and Walter Catt of Carthage were arraigned before Judge Sparks this afternoon and entered pleas of not guilty to charges of petit larceny and grand larceny. The Linscott boys are charged with petit larceny and Catt is charged with grand larceny. Weldon Linscott was arrested today in Connorsville and brought here by the sheriff. The affidavits were filed some time ago against the three, but returns were not made until Weldon could be located.

The prosecuting witness is Morgan Love. Love charges Weldon Linscott with taking a brown coat of the value of \$10; charges Wayne Linscott with taking \$5 and charges Catt with taking a gold watch and chain of the value of \$30. Bond was being arranged for the three late this afternoon.

LARGE CONCERN SELLS OUT

Indiana Lighting Co., Million Dollar Corporation, Disposed Of.

(By United Press.) Indianapolis, Ind., Dec. 7.—The Indiana Lighting company, which supplies power, gas, electric lights and water to many central and northern Indiana cities, has sold its entire holdings, it was announced today. The company was incorporated at \$4,500,000. The announcement said the deal was effected in New York, but did not give the buyers. Samuel T. Murdoch, vice-president and general manager, is in New York. The Insull interests and the United Gas and Improvement company of Philadelphia have been mentioned as probable buyers.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dissolves it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon, apply it at night when retiring, use enough to moisten the scalp and rub it gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

In the Kryptok lens there are no abrupt inequalities of thickness to produce confused vision; no exposed edges of glass to become chipped and ragged; no crevices to collect dust and dirt. There is no weakness of mechanism, necessitating frequent repairs.

WILL PRESENT DAMON & PYTHIAS TO INSPECT BASKETS

Through Courtesy of U. R. K. of P., Stupendous Spectacular Production Will be Seen at Princess.

AT GREATLY REDUCED PRICES RESPONSES ARE VERY SLOW

Through the courtesy of Ivy Company, No. 35, U. R. K. of P., the six reel production of Damon and Pythias will be shown at the Princess Friday, December 10th, afternoon and night. This stupendous spectacular production was produced at a cost of a half million dollars and when first shown an admission of two dollars was charged. For this especial occasion the price has been reduced to ten cents for everybody. The picture was seen at Indianapolis a short time ago at 50 cents.

This production is incomparable as a spectacle; gripping in the intensity of its human interest, this world-old story of Friendship is given to the public in a manner truly worthy of its sublime character.

The cast includes distinguished movie stars with over 1,000 supernumeraries. Cities are built and burned; battles on land and sea; Ancient classic dances; chariot races; Greece in all its glory and the scenic spectacles are superb. The picture is fast in action and will hold your interest from start to finish, with never a dull moment.

This is not a benefit show, but is given by the Uniform Rank in order that the public who appreciate high price pictures, can have the opportunity of witnessing a good, wholesome production at popular prices.

Will M. Sparks and C. L. Bebout Will Look Over Salvation Army's Contribution Before Delivery.

The captain of the Salvation Army has announced that he has obtained the consent of Judge Will M. Sparks and Mayor C. L. Bebout to go to the Salvation Army hall and inspect the baskets which will be given to the poor this Christmas just before they are distributed. The judge and mayor will be invited to see what each basket contains and to note the names to whom they are to be delivered.

The captain says he has not met with very favorable responses in his canvassing for the Christmas baskets, but he hopes to have more success, now that Christmas is so near. He says that he has many nice pieces of clothing and underwear to be distributed Christmas. The captain received a large number of valuable contributions at Milroy Monday, making a canvass of only three hours there. He went down on C. G. Clark's motor truck.

President Wilson Gives New Definition For Monroe Doctrine And Outlines Pan-Americanism

(By United Press.)
Washington, Dec. 7.—President Wilson read his message to congress today. He dwelt on Pan-Americanism, in which he tried to justify his course in Mexico; the administration army and navy expansion measures, commonly known as the preparedness program; finances and revenue, in which he proposed to congress a series of new internal taxes, his ship-purchase bill by which he hopes to enlarge our foreign trade and the problem of the railroads, suggesting that a commission of inquiry be provided to ascertain through a canvass of all our laws to see if they are assessable as they might be. He spoke in part as follows:

Gentlemen of the Congress: "Since I last had the privilege of addressing you on the state of the Union the war of nations on the other side of the sea, which had then only begun to disclose its portentous proportions, has extended its threatening and sinister scope until it has swept within its flame some portion of every quarter of the globe, not excepting our own hemisphere, has altered the whole face of international affairs, and now presents a prospect of reorganization and reconstruction such as statesmen and peoples have never been called upon to attempt before." He then entered into a discussion of Pan-Americanism.

"We have been put to the test in the case of Mexico, and we have stood the test. Whether we have benefited Mexico by the course we have pursued remains to be seen. Her fortunes are in her own hands. But we have at least proved that we will not take advantage of her in distress and undertake to impose upon her an order and government of our own choosing. Liberty is often a fierce and intractable thing, to which no bounds can be set, and to which no bounds of a few men's choosing ought ever to be set. Every American who has drunk at the true fountain of principle and tradition must subscribe without reservation to the high doctrine of the Virginia Bill of Rights, which in the great days in which our government was set up was everywhere amongst us accepted as the creed of free men."

"The moral is, that the states of America are not hostile rivals but co-operating friends, and that their growing sense of community of interest, alike in matters political and in matters economic, is likely to give them a new significance as factors in international affairs and in the political history of the world. It presents them as in a very deep and true sense a unit in world affairs, spiritual partners, standing together because thinking together, quick with common sympathies and common ideals. Separated they are subject to all the cross currents of the confused politics of a world of hostile rivalries; united in spirit and purpose they cannot be disappointed of their peaceful destiny."

"This is Pan-Americanism. It has none of the spirit of empire in it. It is the embodiment, the effectual embodiment, of the spirit of law and

independence and liberty and mutual service."

No one who really comprehends the spirit of the great people for whom we are appointed to speak can fail to perceive that their passion is for peace, their genius best displayed in the practice of the arts of peace. Great democracies are not belligerent. They do not seek or desire war. Their thought is of individual liberty and of the free labour that supports life and the uncensored thought that quickens it. Conquest and dominion are not in our reckoning, or agreeable to our principles. But just because we demand unmolested development and the undisturbed government of our lives upon our own principles of right and liberty, we resent, from whatever quarter it may come, the aggression we ourselves will not practice. We insist upon security in prosecuting our self-chosen lines of national development. We do more than that. We demand it also for others. We do not confine our enthusiasm for individual liberty and free national development to the incidents and movements of affairs which affect only ourselves. We feel it wherever there is a people that tries to walk in these difficult paths of independence and right. From the first we have made common cause with all partisans of liberty on this side the sea, and have deemed it as important that our neighbours should be free from all outside domination as that we ourselves should be; have set America aside as a whole for the uses of independent nations and political freedom.

Out of such thoughts grow all our policies. We regard war merely as a means of asserting the rights of a people against aggression. And we are as fiercely jealous of co-ercive or dictatorial power within our own nation as of aggression from without. We will not maintain a standing army except for uses which are as necessary in times of peace as in times of war; and we shall always see to it that our military peace-establishment is no larger than is actually and continuously needed for the uses of days in which no enemies move against us. But we do believe in a body of free citizens ready and sufficient to take care of themselves and of the governments which they have set up to serve them. In our constitutions themselves we have commanded that "the right of the people to keep and bear arms shall not be infringed," and our confidence has been that our safety in times of danger would lie in the rising of the nation to take care of itself, as the farmers rose at Lexington.

But war has never been a mere matter of men and guns. It is a thing of disciplined might. If our citizens are ever to fight effectively upon a sudden summons, they must know how modern fighting is done, and what to do when the summons comes to render themselves immediately effective. And the government must be their servant in this matter, must supply them with the training they need to take care of themselves and of it.

"It is with these ideals in mind that plans of the Department of War for more adequate national defense were conceived which will be laid before you, and which I urge you to sanction and put into effect as soon as they can be properly scrutinized and discussed. They seem to me the essential first steps, and they seem to me for the present sufficient."

"They contemplate an increase of the standing force of the regular army from its present strength of five thousand and twenty-three officers and one hundred and two thousand and nine hundred and eighty-five enlisted men of all services to a strength of seven thousand one hundred and thirty-six officers and one hundred and thirty-four thousand seven hundred and seven enlisted men, or 141,843, all told, all services, rank and file, by the addition of fifty-two companies of coast artillery, fifteen companies of engineers, ten regiments of infantry, four regiments of field artillery, and four aero squadrons, besides seven hundred and fifty officers required for a great variety of extra service especially the all important duty of training the citizen force of which I shall

presently speak, seven hundred and ninety-two non-commissioned officers for service in drill, recruiting and the like, and the necessary quota of enlisted men for the Quartermaster Corps, the Hospital Corps, the Ordnance Department, and other similar auxiliary services. These are the additions necessary to render the army adequate for its present duties which it has to perform not only upon our own continental coasts and borders and at our interior army posts, but also in the Philippines, in the Hawaiian Islands, at the Isthmus, and in Porto Rico.

"By way of making the country ready to assert some part of its real power promptly and upon a larger scale, should occasion arise, the plan also contemplates supplementing the army by a force of four hundred thousand disciplined citizens, raised in increments of one hundred and thirty-three thousand a year throughout a period of three years. This it is proposed to do by a process of enlistment under which the serviceable men of the country would be asked to bind themselves to serve with the colors for purposes of training for short periods (throughout three years, and to come to the colors at call at any time throughout an additional "furlough" period of three years. This force of four hundred thousand men would be provided with personal accoutrements as fast as enlisted and their equipment for the field made ready to be supplied at any time. They would be assembled for training at stated intervals at convenient places in association with suitable units of the regular army. Their period of annual training would not necessarily exceed two months in the year.

"It would depend upon the patriotic feeling of the younger men of the country whether they responded to such a call to service or not. It would depend upon the patriotic spirit of the employers of the country whether they made it possible for the younger men in their employ to respond under favorable conditions or not. I, for one, do not doubt the patriotic devotion either of our young men or of those who give them employment, those for whose benefit and protection they would in fact enlist. I would look forward to the success of such an experiment with the entire confidence."

"At least so much, by way of preparation for defense seems to me to be absolutely imperative now. We cannot do less."

"The programme which will be laid before you by the Secretary of the Navy is similarly conceived. It involves only a shortening of the time within which plans long matured shall be carried out; but it does make definite and explicit a programme which has heretofore been only implicit, held in the minds of the Committees on Naval Affairs and disclosed in the debates of the two Houses but nowhere formulated or formally adopted. It seems to me very clear that it will be to the advantage of the country for the Congress to adopt a comprehensive plan for putting the navy upon a final footing of strength and efficiency and to pass that plan to completion within the next five years. We have always looked to the navy of the country as our first and chief line of defense; we have always seen it to be our manifest course of prudence to be strong on the seas. Year by year we have been creating a navy which now ranks very high indeed among the navies of maritime nations. We should now definitely determine how we shall complete what we have begun, and how soon."

"The programme to be laid before you contemplates the construction within five years of ten battleships, six battle cruisers, ten scout cruisers, fifty destroyers, fifteen fleet submarines, eighty-five coast submarines, four gunboats, one hospital ship, two ammunition ships, two fuel oil ships, and one repair ship. It is proposed that of this number we shall the first year provide for the construction of two battleships, two battle cruisers, three scout cruisers, fifteen destroyers, five fleet submarines, twenty-five coast submarines, two gunboats, and one hospital ship, the second year two battleships, one scout cruiser, ten destroyers, four

"P. A." spells tobacco all over the world

Men of all tastes take to Prince Albert pipe and cigarette tobacco like it just about answers *all* questions! *And it does!* Quicker you get on speaking terms with this national joy smoke the sooner you'll get a whole lot off your mind. Because, it just hands you more fun than you ever got out of a pipe or makin's cigarette before. The patented process fixes that—and removes the bite and parch.

PRINCE ALBERT the national joy smoke

is the one brand of tobacco you can take liberties with, firing away 24-hours straight without a tongue-kick! *You get the listen of that.*

Cut out lamenting for that old jimmy pipe stored away in the rafters; stop fretting about how you'd like to roll 'em, *but you dassn't.* Men, you can lay your last cent that you'll be top-notch-tickled if you catch the spirit of this testimony and get some P. A. and go to it! Never did anything but make smokers jimmy pipe joy's and cigarette makin's happy—and that's just what's coming to you!

Can you sit tight and get that P. A. aroma from somebody else's friendly old pipe or rolled cigarette? Can you pass up pleasure that's *due* you, and *coming* to you quick as you jump that fence into the Prince Albert pasture? *Come on out* and be a regular fellow who's game to take a chance for what ails his smokeappetite division!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Here's the latest member of the "old-time jimmy-pipe" club. It's a fine likeness of John E. Bach, 101 years old, of Newark, N. J. He has been a pipe smoker for 80 years. Mr. Bach, who enjoys his smoke every day, gives this idea of a long life. "Smoke all you want, eat all you want, sleep all you want—and don't worry!"

P. A. is sold everywhere in tippy red bags (handy for cigarette smokers), 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that classy, stable glass pound humidor with the sponge-moistener top that keeps P. A. bang up.

Announcing the First Showing of Eagle "Silkloth" Shirts For Men at \$3

As a holiday feature we shall introduce these Shirts, which are here exclusively in this vicinity.

is a new fabric invention, combining fine madras and silk fibre; producing a material which has the luster of silk and yet is as durable as serge. "Silkloth" is woven exclusively for Eagle

Shirts and thus far may be seen only at Mulno's hereabout.

The Shirts are made in plain negligee style, with soft French cuffs attached. The patterns are smart and distinctive stripes in blue, lavender and black on white grounds.

The fact that these Shirts will give a greater degree of service than all-silk Shirts, and that they retain their brilliant lustre, will undoubtedly make them popular.

We shall be glad to have you inspect them.

PURCHASE OF SEALS WILL PREVENT THE SPREAD OF TUBERCULOSIS

Story of Indiana Man Who Contracted Disease is Used as an Example in Campaign.

HIS WIFE NOW A CHARGE

A true story from an Indiana City shows how Red Cross Christmas Seals might help right here in this community.

John Allison was fairly prosperous. He held a good position in the mills. Two years ago he married a girl of his choice, and they were happy. Ten months after he was married John paid the last installment on his home, a cozy six room bungalow.

Every night—and the habit seems to stick even after months of married life—Mrs. Allison met John with a kiss and a hug and a happy smile as he returned from work. About a year ago little Dorothy joined the family group. The atmosphere in this little home was delightfully harmonious. A nest egg for the "rainy day" began to assume comfortable proportions.

"I am worried about Jim Coyne," said John one evening as he smoked his pipe, while his wife cleared up the kitchen. "He coughs, and I can tell he is getting weak, because he goes off in a corner and sits down to rest every hour or two."

A few nights later John brought home the news that Jim was sick at home. Then he began to spend many of his evenings at the bedside of his neighbor. In the course of time Jim died. The doctor called in to make a pronouncement the disease tuberculosis.

It wasn't many months until John too began to cough, and he smiled with more and more of an effort as he sank down into an easy chair to rest when he came home from work. A cough with little Dorothy

soon tired him out. Suddenly it dawned upon him that he was "going" the same way Jim did. The doctor looked grave when at last he went to the family physician with his trouble. "You must give up your work at once," he said. "Even then, and if you let me do everything I can for you, the chance for your recovery is mighty slim." To shorten a long story, John had waited too long. His little nest egg dwindled away. A month ago his heartbroken widow hid her face in little Dorothy's curls as the clouds began to fall on the earthly remains of her husband. She was poorly fitted for life's work. Little Dorothy is now being supported through public funds, while her mother washes other people's linen and scrubs other people's floors. In time she, too, will undoubtedly become a public charge.

In "getting" tuberculosis from Jim who had got it from somebody else, John was changed from a producing member of society, a high class citizen and an asset for any community to a liability. Interest on the liability will be paid for years to come. And who can estimate in dollars and cents the value of that happy home broken up prematurely by this most terrible and relentless of all preventable diseases—tuberculosis?

How many Jims and Johns are there in this community? Every Red Cross seal you buy helps to educate your friends and neighbors to prevent tuberculosis, provides relief and help for those who suffer and secures adequate provision for the control of the spread of the disease from the sick to the well. Buy Red Cross seals for your own sake and for your community's sake.

TO ASK CHANGES IN TARIFF LAW

Big Business Men From All Parts of Country Gather For Conference in Chicago

WANT WHOLESALE CHANGES

Declare it Should be Constructed to Protect Our Workers After War is Over

(By United Press.)

Chicago, Dec. 7.—Big business men from all parts of the country will confer on a tariff program representing their views. Wholesale changes in the present tariff will be asked, it is said. The conference was under the auspices of the Illinois Manufacturers' Association.

"The tariff law is not producing sufficient revenue to meet the increasing expense of our national administration which undoubtedly will be added to it if we increase our army and navy," said B. A. Eckhart, head of a milling company here. "When the war is over the United States will be the one cash market in the world. European manufacturers will try to unload here to make up for lost profits. The tariff should be reconstructed to protect the welfare of our workers, skilled and unskilled, and solely with the object of protecting and stimulating the trade upon which general prosperity depends."

The following speakers are on the program: Geo. M. Gillette, Minneapolis, pres. Minnesota Employers' Assn; B. A. Van Winkle, Hartford City, Ind., pres. Indiana Assn. of Manufacturers and Commerce; Charles E. Lozier, Elyria, Ohio, pres. Ohio Manufacturers' Assn; J. E. Edgerton, Lebanon, Tenn., pres. Tennessee Manufacturers' Assn; George R. Meyers, Chicago, Joseph R. Gruney, Philadelphia, pres. Pennsylvania Manufacturers' Assn; and H. E. Smith, Gen. counsel of the Michigan Manufacturers' Assn.

Senator Burton of Ohio and the Hon. Robert Dollar, president of the Robert Dollar Steamship company of San Francisco, are also among the speakers.

DR. HURTY CALLS THEM FANATICS

Says Reply to Zion City Prophets Would Only Tend to Add to Present Trouble.

VACCINATION KILLED TWO

(By United Press.)

Indianapolis, Ind., Dec. 7.—If Dr. J. N. Hurty, state health commissioner is opposed by whom he considers fanatics, he believes in ignoring them rather than noticing them, and thereby giving them additional publicity. Asked what he had to say concerning the Zion City prophets who recently invaded Hammond to protect against vaccination, Dr. Hurty said:

"I have not one word to say. They are only fanatics. To answer them would arouse them the more." Voliva's followers were practically driven out of Hammond. They made their "raid" after two children who had been vaccinated died of lockjaw. The Zion City evangelists say vaccine is "dirty, stinking, cow pox virus that killed bright healthy children."

Eat a Square Meal and Not Fear Indigestion

There are hundreds of people in Rushville who were not the least surprised when they read in "The Daily Republican" that Johnson's Drug Store is selling Mi-o-na, an "antacid" to refund the money in case it did not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure.

Johnson's Drug Store can tell you of the many well known people in this city who this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that Johnson's Drug Store stands ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in Rushville today, praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na, they eat what they want and when they want with no fear of suffering.

IF BACK HURTS BEGIN ON SALTS

Flush the kidneys at once when Back-ache or Bladder bothers. Most forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatic pains, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys, stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

ADD TO ENGLISH LABOR MUDDLE

Women Munition Workers Charge Their Patriotism is Being Exploited to Satisfy Greed.

AGREE WITH LABORING MEN

Declare Employers Are Taking Advantage of Their Inexperience to Sweat Them.

BY HENRY WOOD.
(U. P. Staff Correspondent.)
London, Oct. 9. (By Mail).—Women munition workers of England say they are being sweated and that their patriotism is being exploited to satisfy employers' greed. The women's formal charges, just filed with the Labor Board, add to the labor muddle in the United Kingdom.

The women usually are not affiliated with regular trade unions, whose domain they have invaded, but in this case their charges coincide with the allegations of the laboring men. The English working women, like the men persist in their efforts to get a hearing when the life of the nation is at stake, they say, because although they declare themselves patriotic they cannot permit their patriotism to be exploited.

While the manufacturers grow rich out of government war contracts, the working women insist their wages remain unincreased while the cost of living is constantly ascending. They charged this, too, and the women add that their employers are taking advantage of their experience to sweat them.

One advantage the women have is that government boards were appointed to investigate conditions under which they might be called upon to work. These boards have responded to the cry for help and are, after investigation, bending the weight of their authority to the protests.

The complaints center largely in the Manchester district where thousands of women are employed and hundreds are being added weekly. It was found that many factories are installing lighter machinery for the women, but are not paying them men's wages, nor nearly so much.

The wages were found to vary from a maximum of about \$5 for a 48-hour week down to \$2.50 for a 51-hour week. Despite the minimum wage of seven cents an hour fixed many concerns paid less.

The women demand factory canteens so the women night workers may have a hot meal. A demand is also made for a shift schedule that will not permit a woman to work more than 8 hours at a time.

Another protest was against heavy work being given to the women. One young girl handled an 18 pound shell every minute throughout the day. Other girls were found working on rough cast shells weighing 23 pounds.

The report of the government's committee was that women could not be employed on heavy physical work of this nature for the period of hours now required unless they were paid sufficiently to permit of proper food and nourishment.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburger Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

Pains Often Mean Uric Acid Poison

Pay Attention to Pains—Most People Have Rheumatism And Don't Know It

Ouch! Does it hurt to move your arms, legs, bend your back or stretch your muscles? Be careful and take heed in time. Rheumatism is stealing on you and may cripple you if you don't stop uric acid from settling in your veins and muscles.

Rheuma, a great specialist's prescription, chases this poison out of the system and gives relief from all forms of Rheumatism. It acts through the seat of the trouble, the kidneys, stops the formation of uric acid, then drives out through the bowels that which is in the blood.

Genuine Rheuma (see that you get the trade-marked package) is sold by Johnson's Drug Store and all druggists for 50 cents. Money back if not satisfied.

NEW YORK FASHION NOTES

By MARGARET MASON
(Written for United Press.)

Adieu, farewell you plain gold band That once adorned each fair bride's hand; It seems that you are to be cained, If vulgarly we phrase it.

The modern bride now takes the stand That she must have a ring more grand.

On bridegroom's purse 'twill make demand

But he will have to raise it.
New York, Dec. 6.—The girl next door is going to be married next week. Her prospective supporter is busy looking for a job in the meantime. The wedding bells may ring a little flat to the bridegroom's ears. But there'll be nothing flat about the wedding ring. It's platinum, set with eleven diamonds.

An unchased gold band may be waste, but it isn't chased after by the 1915 model brides. After all, his golden link in Hymen's fetters might just as well be as ornate as it is binding.

It was a step toward emancipation when the brides of seven or eight years ago cast off the massive and cumbersome bull's-eye band of their grandmothers and spanned their dainty little left third finger's with a narrow yellow circlet.

Now nothing will do but a diamond banded circlet, one of platinum or, if it must be gold, one heavily hand carved and decorated.

A progressive western jewelry firm has on hand two charming wedding rings; one dubbed The Venus, the other, The Orange Blossom. They come in green gold, in platinum or diamond studded. Fittingly symbolic The Venus is decorated with a design of myrtle, the vine sacred to the goddess of Love and Beauty. The Orange Blossom design needs no explanation of its symbolism.

That well advertised young heiress, Eugenia Kelly, when she became the second bride of Al Davis the other day, unwittingly became the tribler of the latest fashion in wedding rings. When the bridegroom forgot such a mere detail, she was married with a quaint copper ring of her late father's.

Ring the changes on the wedding ring is almost bound to cause a bargain rush on the divorce court. All of the brides of yesteryear will be so anxious to change "little-old-last year's" wedding ring for one of the lovely new ones.

Another dire possibility is that the ringing of bridal bells may be hushed throughout the land if the bridegrooms go on a strike and refuse to accede to the ringing of the bridal bells in the new elaborate manner in which they wish to be accustomed.

PREDICT RISK WILL WITHDRAW

Health Has Added to Rumor and It is Believed he Will Support Right Man.

IS KNOWN AS ANTI-TAGGART

Has Declared in Favor of Prohibition, Constitutional Convention and Suffrage.

(By United Press.)

Indianapolis, Ind., Dec. 6.—That Kirby Risk is not definitely committed to his own candidacy for nomination for governor and that he may withdraw in case a man suitable to Risk announces himself, was the expressed opinion today of several local men of keen insight into state political matters.

Risk, who announced himself as a candidate on a platform of state prohibition, a constitutional convention, and women's suffrage represents the wing of the democratic party known as anti-Taggart.

The fact that Risk has been ill for several weeks lent additional color to the rumor. Some were inclined to interpret a paragraph of a letter written to Walter G. Gresson, of Kokomo, as indicating this frame of mind on Risk's part. The letter appeared in the Kokomo Dispatch and reappeared in the Indiana Forum, a weekly paper that has favored Risk.

"I hope there will be a candidate for governor, in the state of Indiana, nominated on the Democratic ticket," wrote Risk, "that will command the respect and confidence of a majority of voters of the state. He must be a man that will stand four square to every wind that blows; he must be absolutely honest and efficient and he must, among all other things, know men in the state of Indiana sufficiently well to enable him to select honest public servants and select them with a view and a positive insistence that every public servant must give an honest efficient service. The servant wants first his state honesty and conscientiously, serves best his party."

But those who predicted Risk would withdraw from the race did not know whom he had in mind when he wrote the letter.

HOOSIER HISTORY

Prepared for the United Press by the Centennial Department of the Indiana Historical Commission.

INDIANA IN EMERGENCY

Following the union reserves of 1862, President Lincoln issued a call for 300,000 troops. This, with a confederate attack on Kentucky roused Gov. Morton to extraordinary activity. Mustering proceeded day and night. Within four days 14,000 men were organized, equipped and sent to the front, exultantly declared the Indianapolis Journal. In the absence of funds for bounties and advance pay, Morton is said to have raised \$5,000,000 on his personal credit. So surprisingly fast were the troops sent from Indiana that a Kentuckian is said to have exclaimed: "If you want soldiers from Indiana all you have to do is to take some blue cloth and brass buttons, throw them into a hopper, put Morton at the crank, and they will come out a regiment."

A Generous Enemy

When, in the winter of 1862, five thousand prisoners were received at Indianapolis, the Governor showed that he was no respecter of flags as far as caring for soldiers was concerned. He procured clothing for the needy, hired buildings and turned them into infirmaries for the sick many of whom were cared for in private homes. By means of bounties which he established, the prisoners were served with fresh bread instead of army hardtack. These men, said Morton, in a statement in the Journal, "I consider as many have been, were but a few months ago friends and neighbors."

Charles Inman Able to Go to Work After Operation Was Avoided

Charles Inman, 424 East Chestnut street, Hartford City, Ind., was desperately ill with stomach trouble. He was advised to go to Fort Wayne for an operation.

Then he took May's Wonderful Remedy and in a short time was able to go back to work. In a letter he said:

"My disease started seven years ago. I had to give up and go to bed. Four doctors said they could not cure me unless I went to Fort Wayne to be operated on, and that it would cost \$150 or \$200. My daughter saw your advertisement and I took your treatment. In three weeks I went to work and haven't missed but one-half day since from sickness. It surely saved my life."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

The Tariff and Wages

Thomas B. Reed—"Where two nations have equal skill and equal appliances and a market of nearly equal size, and one of them can hire labor at one-half less, nothing but a tariff can maintain the higher wages, and that we can prove. If there be two bales of goods side by side made by the same kind of machinery and with the labor of the human being in both of the same degree of skill, and if the labor of one bale can never be sold until the extra cost for the costlier labor is squeezed out of it; provided there is an abundant supply of the product of the cheaper labor. If the bale with the cheaper labor of England in it meets the bale with the dearer labor of America in it, which will be bought at cost of production? I leave that problem just there. The sale of the English bale will be only limited by England's production."

Free Sugar.

Congressman Richard W. Austin, of Tennessee—"Congress should lose no time in repealing the free sugar folly. The European war has saved and kept alive our sugar industry from the first cut of 25 per cent in the tariff duty and the anticipation of the total abolition of the duty. Germany stands first and Austria third in the list of sugar-producing countries. Prior to the war twelve sugar beet factories closed down on account of the action of Congress,

NORMA JEANNETTE CALLAHAN.

and the Louisiana sugar farmers were seeking, if possible, the substitution of another less profitable crop. In Honolulu I learned of the sale of a large local sugar company and the plantation to a party of Japanese. The explanation was that the owners knew that after the close of the war in Europe and the placing of sugar on the free list on May 1, 1916, to command the placing of sugar on the free list on May 1, 1916, to compete with the Cuban sugar planters means bankruptcy. This is but the forerunner of what will happen to this splendid American industry unless Congress repeals the free sugar law. If free sugar permanently remains, the industry in our insular possessions will fall into the hands of aliens, our deserving people will be crowded out, and our local export trade to Porto Rico, the Hawaiian and the Philippine Islands will be done by our foreign competitors. The American people have certainly paid a fearful penalty for the folly of electing a Free-Trade theorist to the Presidency, along with a subservient Congress ever ready to do his bidding."

Ship Bill Dangerous.

Congressman Charles F. Curry, of California, discussing the ship purchase bill—"I am opposed to this bill. It is inexpedient, untimely, unnecessary, dangerous, and contrary to the fundamental principles of our Government. The only action needed to rehabilitate the American merchant marine is to defeat this measure, re-enact the marine laws that were on our statute books prior to 1815, providing for preferential duties on goods carried in American bottoms, and change our commercial treaties with a number of foreign nations, which we can do by giving a year's notice, or pay a subsidy where and when necessary and give the preference to our own ships in carrying the mails, as other maritime nations do. The business of government is to govern, and not primarily to engage in private business enterprise that brings it into competition with its own citizens. The engaging of Government in private business is unjustifiable and right when the enterpriser can be better conducted by the Government for the benefit of all of its citizens than it can be conducted by private enterprise and in conditions of emergency. The surrender of the Government into the shipping business at this time can not be justified on any hypothesis, and during the emergency of the European war will handicap the nation's own country."

WILL TEST OUT IDAHO STATUTE

Law Prohibiting Anyone From Having Liquor in Possession Will go to Higher Court.

GOES TO FEDERAL COURT

Test Case Revolves Around Arrest and Conviction of Ed Crane of Moscow, Idaho.

BY D. W. GREENBURG.
(Written for United Press.)

Moscow, Idaho, Dec. 7.—Idaho's new statute making it a crime for any person to have liquor in his possession is to be tested for constitutionality in the U. S. Supreme Court. The high court's decision may have important bearing on the nationwide battle of the wets and dries. The district and supreme courts of Idaho have declared the law unconstitutional.

The wets say the law unconstitutional, because section XIV of the federal constitution says "no state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any state deprive any person of life, liberty or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the law."

The Idaho Supreme Court upheld the law on the theory that "the legislature is supreme and can denounce as a crime the possession of whiskey if in its judgment such denunciation is essential to the health, morals and safety of the public."

Should the U. S. court declare constitutional this law prohibiting the possession of liquor by individuals in prohibiting territory, the dries are expected to make capital of it in all wet territory, and to seek a national law like the one in Idaho. Should the law finally be declared unconstitutional, the wets are expected to do the talking.

The test case revolves around the arrest and conviction of Ed Crane, a Moscow laboring man, on the charge of having a bottle of whiskey in his possession. Crane is in jail.

The only intoxicating liquor anyone may own in Idaho is a limited amount of alcohol, held under strict regulations by druggists for medicinal purposes; and sacramental wine possessed by clergymen.

Farmers in Minnesota Organize For Their Protection

(By United Press.)

St. Paul, Minn., Dec. 7.—Six thousand farmers gathered here today for the annual convention of the Equity Co-Operative Exchange designed to market their wheat and other products, lowering the price to the consumer and increasing the farmer's profits.

Originated by a group of farmers who believed they could market their own grain, without the aid of brokers, the equity movement has spread until it embraces Wisconsin, Minnesota, Iowa, North Dakota, South Dakota and Montana. A central market has been established in St. Paul, to be the shipping point for all grain produced in this part of the United States. A half million bushel elevator is to be built at once. The farmers plan to ship grain by barge to New Orleans, and thence by steamer to Europe.

Nine out of ten persons have this dread disease

Ptyorrhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth.

Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet.

To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for ptyorrhea—known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 2 1/2 oz. tube is sufficient for six or eight weeks of the ptyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 503 Union Central Bldg., Cincinnati, Ohio.

8 VACANCIES TO BE FILLED

Democratic National Committee Gathers in Washington For Important Session.

FIGHT FOR NEXT CONVENTION

Time And Place Will be Decided at This Time—Some Opposition to McCoombs

(U. P. Staff Correspondent.) Washington, Dec. 7.—The 1916 Presidential campaign was launched here today with the Democratic national committee selecting a place and time for the Democratic national convention. The Republican committee meets here a week from today to do the same. The Democratic committee favors June.

President Wilson's renomination was not questioned by the Democratic chieftains. Other features of the campaign, including renomination of Vice President Marshall, were much discussed, informally.

Democratic leaders, warhorses and politicians, the usual entourage of the national committee's annual meeting and the committees from cities seeking the convention, were here as usual.

There was speculation regarding the alleged movement to oust William F. McCoombs of New York as chairman. Friends of Fred B. Lynch of Minnesota were said to be active in trying to have him succeed McCoombs. Party leaders insisted the rumors were without foundation. Among the cities bidding for the convention were Chicago, St. Louis, Dallas, San Francisco and Omaha. Lengthy arguments and pyrotechnics were scheduled.

Called to order at 11 o'clock at the New Willard Hotel by Chairman McCoombs, the morning session was largely routine.

There were eight vacancies on the committee. In two of these there were contests, from Oregon and Kentucky. Urey Woodson and Gen. W. B. Haldeman were the contestants for Kentucky's seat and Will R. King and H. M. Easterly for Oregon's. Both contests presented novel tangles. Woodson was chosen by the Kentucky state committee. At last summer's state convention Gen. Haldeman was named national committeeman. A similar family quarrel was the Oregon contest. King was selected by the Oregon state committee and in last year's primary

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddied complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the "dammed-up" body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate and to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Limestone phosphate does not irritate the delicate stomach because it can not saltate nor attack the bowels, and it is perfectly harmless and tasteless, and is a powerful laxative. It is a quarter of a century old, and has been used for a long time for the purpose of cleansing the alimentary canal, and is the only one that is safe and reliable.

SUFFS HOLD RECEPTION

"Little White House" Will be Scene of Event

(By United Press.)

Washington, Dec. 7.—Tonight at the "Little White House" which the suffragists here have leased for the winter, Mrs. O. H. Belmont, New York society leader, will hold a reception in honor of Mrs. Sara Bard Field and Miss Frances Joliffe, who brought across the country in a motorcar the giant petition signed with 500,000 names asking congress to pass the Susan B. Anthony suffrage amendment to the constitution. Miss Helen Todd of California, will speak and Madame Aida of the McPherson Opera company will sing. The meeting of the advisory council which will determine plans for the winter's campaign in congress will open tomorrow.

pared to head off such action. The committee will, however, before adjournment adopt resolutions commending the Wilson administration and achievement of Democratic executives and Congress.

Many of the national committee-men were represented today by proxies, held by various cabinet officers, Senators and Representatives.

More Men Than Women Have Appendicitis

Surgeons state men are slightly more subject to appendicitis than women. Nashville people should know that a few doses of simple Buckthorn Bark, Serravallo's, etc., as mixed in Adler's, often relieve or prevent appendicitis. This mixture removes such surprising quantities of bile and food from the stomach that ONE SPOONFUL relieves the most ANY CASE, constipation, sour stomach or indigestion. The INSTANT relief of Adler's is a surprising fact. E. W. Lott, D. M. (Adler's).
